

DEMONSTRATE IN TUNIS—Banner-carrying, fist-waving crowds demonstrate in a Tunis street, demanding immediate departure of French troops from all of Tunisia. Tunisian

troops and National Guardsmen had been blockading French garrisons since the bombing of the Tunisian border village of Sakiet Sadi Youssef. (NEA Radio-Telephoto)

Three Charges Filed Against Watson Firm

One Complaint Says Service Abandoned Without Permission

OLATHE (AP)—Three charges, each a misdemeanor, were filed today against the Inter City Bus Lines, Inc., which abruptly suspended operations Tuesday night.

The line, which serves northeast Johnson County and forms a link with downtown Kansas City, is operated by Glenn Watson of Columbia, Mo.

One complaint charged the firm with abandoning service without the consent of the Kansas Corporation Commission.

Others charged the firm "unlawfully failed to pay its employees," and that it "unlawfully permitted the operation of motor buses which were equipped with defective brakes."

Watson has declined to say why the surprise move in removing buses and equipment from the firm's Mission, Kas., headquarters. When employees arrived Wednesday morning the place was empty. About 600 patrons were left without transportation.

The operator, who has lines in Columbia and Jefferson City and formerly operated one in Sedalia, pointed to declining revenue.

He said he quit because "there are too many cars there," referring to northeast Johnson County. "Too many shopping centers are being built and not enough people want to go downtown to shop," Watson said today at Columbia.

The line has been ordered to appear before the Kansas Corporation Commission next Thursday.

Violation of provisions of a certificate of authority issued by the Kansas regulatory body is a misdemeanor and carries a maximum fine of \$500.

Issues Special Report on Farm Population Today

WASHINGTON (AP)—The Agriculture Department issued a special report on farm population today which said in effect there will be fewer farmers in the years ahead regardless of what kind of farm programs there are.

The report was issued at the request of Secretary Benson who has shown in speeches and statements that he dislikes claims of his critics his farm policies would drive many off the land. Those policies seek lower prices for many farm products and easing of controls with the objective of winning bigger markets.

The document noted that since enactment of federal crop control programs in 1933, the farm population has decreased from 32,393,000 to 20,396,000 in 1957. In this period, the farm population has dropped from 26 to 12 per cent of the national population.

In analyzing the situation, the department said technological progress in farm production was the major factor in the decrease.

"All this does not mean the end of the family farm or any lessening of its importance," the report said. "It means simply that a family will tend to operate a larger acreage with full mechanization than with horse and mule power."

Predicts ICBM Bases On Chinese Mainland

HONG KONG (AP)—The Hong Kong Times today quoted a "very reliable source on the China Mainland" that the Soviet Union will start this spring to build intercontinental missile bases in nine northeast provinces of Red China.

The paper, which supports Nationalist China, said an advance team of over 100 Soviet experts and a few Germans are completing a survey in central Manchuria.

Pineau Says

French Leaders Not Aware Of Air Raid Plot Beforehand

PARIS (AP)—Foreign Minister Christian Pineau today said neither Premier Gaillard nor the defense minister knew beforehand of the French air raid last Saturday on a Tunisian frontier village.

Pineau made his statement to a committee of the National Assembly. Committee members emerging from the meeting reported the gist of his remarks.

Pineau said that, after the raid, the government was morally committed to back the armed forces. He said, however, that the armed forces acted under previous instructions allowing for retaliation in case of incidents. The implication was that the raid exceeded in size anything the government had in mind previously.

Pineau said that France's resident minister in Algeria, Robert Lacoste, also was uninformed beforehand of the raid.

Pineau said the raid was planned and staged by tactical air force units who deduced that since the ground forces had the right of legitimate defense, the same right should apply to them. Rebel machine guns had been firing at French observation planes, the French said.

Pineau said it was a certain fact that up to 7,000 Algerian rebels are being trained in Tunisia near the Algerian border area.

Pineau also said that France would not renounce its veto right when Tunisia's case comes before the United Nations Security Council.

Tunisia in a complaint to the U.N. Security Council said 79 persons were killed and 130 wounded. The previous Tunisian figure was 68 dead, 10 missing and 84 wounded. The Tunisian complaint said among the dead were 11 women and 20 children.

Pineau said France did not desire mediation by any power in settling the Tunisian dispute. He said there had been no offer from Washington. He reiterated that France preferred to deal directly with the Tunisian government.

Tunisian President Habib Bourguiba said yesterday he would accept U.S. mediation if France would agree.

Ugh! When snow first fell this season, people rushed to the windows to see it. When it snowed this morning, they glanced at the windows and quickly turned away.

Cloudy and colder Saturday; low tonight near 25; high Saturday middle to upper 20s.

The temperature at 7 a.m. was 28, which was low Thursday night and 33 at 1 p.m. Trace of moisture but insufficient for measurement.

The temperature one year ago today, high 60, low 28; two years ago, high 49, low 24; and three years ago, high 59, low 30.

Stage at Lake of the Ozarks 56.7, steady.

Tungsten Purchase Stopped Committee Proposes Interior Budget Cut

WASHINGTON (AP)—The House Appropriations Committee recommended a token \$1,339,000 cut today in the Interior Department's 1959 budget and told the department to stop buying tungsten for the defense stockpile.

It sent to the House floor for debate next week a bill to give the department \$413,145,600 in new operating funds for the fiscal year starting next July 1. It said this amount, \$43,104,000 below current year appropriations, was adequate to carry out an effective program for the conservation and proper utilization of national resources.

The committee noted that the department's operating revenues, which go into the Treasury, are expected to amount to \$411,137,441 next year.

Moneywise, no departmental activities were slashed deeply.

Larger allotments in the bill went to the Indian Bureau, the National Park Service, the Fish

and Wildlife Service, and the Forest Service.

The Bureau of Indian Affairs was given \$100,169,000, exclusive of three millions in tribal funds. This is \$800,000 more than the bureau requested, the increase being for construction of schools for Indian children.

The allotment for the Fish and Wildlife Service was \$20,528,900, the amount it requested.

The National Park Service share of the bill was \$61,480,000, a reduction of \$882,000 from the amount requested.

The Forest Service was allotted \$116,980,000, a reduction of \$851,000, but including \$8,020,000 for construction of recreation facilities.

The committee turned down a request of the National Capital Planning Commission for \$1,120,000 for land acquisition for the park, parkway and playground system in the District of Columbia.

Police Blockade In Tunis

President Bourguiba Increases Pressure But Urges People To Remain Calm

TUNIS (AP)—President Habib Bourguiba increased his diplomatic pressure on France today, and put a police blockade around three French consulates.

Bourguiba previously had asked the French to close five of their consulates. The French refused on the ground that the Tunisians must first denounce the accord under which the offices were maintained.

Police guards around the consulates at Medjez, Le Kef and Gafsa put consular officials under the same restrictions as France's 15,000 troops in Tunisia, now bottled up in their bases.

Bourguiba has asked France to withdraw her troops and give up its big naval base at Bizerte as a result of the French bombing of a frontier village last Saturday.

However, he urged the people to keep calm and limited to four hours a general strike called to demonstrate national mourning for the bombing victims.

In Paris a French Foreign Ministry spokesman announced plans for a complaint to the U.N. Security Council to counter Tunisia's charge that the French attack on Sakiet Sidi Youssef constituted aggression. The French said they would charge repeated violations of the Algerian frontier by rebel forces sheltered in Tunisia.

A Council meeting on the Tunisian complaint is expected Monday or Tuesday. The Tunisians claimed most of the casualties in the French attack—68 killed, 10 missing and 84 wounded—were civilians. The French contend they were exercising "legitimate defense" against Algerian rebels headquartered in the village.

Officially, the Tunisian order confining 15,000 French troops to their bases still stood. It also prohibits shipping local supplies to them.

But Tunisian authorities looked the other way as civilian bakery and other food supply trucks drove up to the French camps and unloaded their wares in the pre-dawn hours. French helicopters also made discreet flights during the night to supply isolated southern bases.

The barricades were taken away from the French military headquarters in Salambo and only four policemen left on guard.

Nevertheless, negotiations between France and Tunisia appeared distant. French Foreign Minister Christian Pineau said France would not negotiate under such pressure as the Tunisians are now putting on French troops. Bourguiba has said he would not deal with France until all its troops are pulled out.

The Tunisian governors at Medjez and Gafsa followed up government proclamations and ordered French consulates in their provincial capitals to close.

Reports from Washington indicated the United States wants to maintain a middle course and is ready to mediate between Tunisia and France. Italy also offered to act as go-between.

Bourguiba told newsmen he would accept U.S. mediation. But newspapers in Paris talked with extreme displeasure of the idea and the Foreign Ministry said no such offer has been made.

Spectacular Blaze Destroys Warehouse

ERIE, Pa. (AP)—A spectacular fire, fed by drums of gasoline and chemicals and punctuated by explosions, destroyed a block-long warehouse last night. Damage was tentatively estimated at between two and eight million dollars.

All available fire equipment was summoned to the fire in the one-story brick and concrete structure 20 blocks from midtown.

Fire fighters were hampered by 14-degree temperatures. The entire area became a mass of ice.

Two firemen were injured. One was sent reeling by concussion but was not seriously hurt. Another slipped on the ice and was admitted to Erie Veterans Hospital.

Deputy Fire Chief John North said, "It was the worst fire as far as property loss is concerned that I have seen in my 31 years on the fire department."

Millard Irwin, owner of the M. V. Irwin Co. warehouse, valued the building itself at a million dollars. He said an inventory taken Wednesday showed the contents—an assortment of goods ranging from television sets to drums of gasoline and chemicals—to be worth seven million dollars.

Opens Valentine Bids To Buy Ellis Island

NEW YORK (AP)—This is the day they open the Valentines addressed to forlorn Ellis Island, sitting out in the harbor and wondering if it has a lover left in the world.

The Valentines are in the form of bids to buy the 27 acres of land and three dozen red brick buildings through which 20 million immigrants passed to the land of freedom and opportunity.

Contracts For Subs Awarded

3 Atom-Powered Vessels Will Fire 'Polaris' Missiles

WASHINGTON (AP)—The Navy today awarded contracts for three atom-powered submarines to fire Polaris guided missiles. Two will be built by Electric Boat Division at Groton, Conn., and a third at the Mare Island, Calif., Naval Shipyard.

The first of the three Polaris submarines probably will be completed by Electric Boat, a division of General Dynamics Corp.

The first deliveries of the new missile firing submarines are expected in 1960, to coincide with the time when the ballistic missiles are expected to be ready for quantity production.

It has been estimated the first boat will cost between 105 and 110 million dollars, with the cost of the next two dropping to between 85 and 90 million dollars.

A supplemental appropriation bill passed by Congress this year carries 296 million dollars for starting the submarines. The Navy has asked that the initial program be expanded to a total of nine craft.

The Navy announcement said: "These two yards were selected because, in the Navy's judgment, these assignments will permit the earliest possible completion dates."

Rear Adm. W. F. Raborn, director of special projects in the Navy Bureau of Ordnance, said the submarines "are designed specifically for carrying and launching the Polaris missile."

KC School Problems Eyed by Subcommittee

WASHINGTON (AP)—The Senate Juvenile Delinquency subcommittee is planning to look into disciplinary problems in Kansas City, Mo., schools.

This was reported today by an aide to Sen. Hennings (D-Mo), the subcommittee chairman. The aide said the senator had received disciplinary problems in Kansas City.

James Sullivan, the subcommittee counsel will go to Kansas City to check on the situation some time later this month, the aide said.

Hennings then will decide whether to hold hearings in the area on the basis of Sullivan's recommendations, the aide explained.

His Own Name Back

LOS ANGELES (AP)—Sterling Hayden is now officially Sterling Hayden.

Superior Judge Burnett Wolfson granted the actor's petition to replace the name John Hamilton, which he had legalized to keep from drawing attention to his move identity when he joined the Marine Corps in 1942.

Killed in Slate Fall

MINERS' RETURN—Fellow workers help lift from a mine car the body of one of five miners killed by a sudden heavy slate fall in the Lundale Mine of Amherst Coal Co. at Man, W. Va. Recovery of the bodies followed eight hours of frantic rescue work. One miner, trapped, was freed. (AP Wirephoto)

Retain Separate Thrones

Iraq and Jordan Join In a New Federation

AMMAN, Jordan (AP)—

Iraq and Jordan joined today in a new Arab federation rivaling and challenging the recently proclaimed United Arab Republic of Egypt and Syria. The merger cast doubt on Iraq's future participation in the American-supported Baghdad Pact.

King Faisal II of Iraq and King Hussein of Jordan, 22-year-old second cousins of the Hashemite dynasty, proclaimed the federation just after sunrise on this Moslem Sabbath.

The two kings agreed to merge their armies, economies, finances and foreign affairs. The monarchs will retain their separate thrones and their local governments, but Faisal was named chief of state of the new federation.

As the Egyptian-Syrian proclamation of the U.A.R. had done two weeks before, the new federation invited other Arab states to join.

There seemed little likelihood King Saud of Saudi Arabia would bring his big desert kingdom into the new arrangement. Saud apparently approved the Iraqi-Jordanian move, but the impression here was that Saudi Arabia would remain outside both federations.

Faisal and Hussein called the new arrangement "al ittihad al Arabi bayn al dawlatayn," Arabic for "the Arab federation between two states."

This can be rendered, for brevity, as "an Arab federation."

The word "ittihad" is a loose term meaning something like brotherhood, and has little in common with the sort of union proclaimed by Egypt and Syria. That

was called "wahdah," meaning actual "oneness."

The Egyptian-Syrian union proclamation purported to sink the identities of Syria and Egypt in a single republic of two provinces under a single leader, Egypt's President Nasser. But Iraq and Jordan apparently will retain their identities.

The Syrian-Egyptian union brought pressure on other Arab governments for a show of unity by all Arabs in the middle east. By merging, Iraq and Jordan cement a geographical wedge separating Syria and Egypt, 120 miles apart.

There was no announcement here on Iraq's plans regarding the Baghdad Pact, in which it is a key member and the only Arab member. The pact has been a target of violent attack from Arab nationalists, who denounce it as a means of perpetuating colonial control in the Arab East.

Acting to expedite preliminary engineering and thus speed actual construction on the state's urban highway program, the Missouri State Highway Commission this week approved a tentative urban construction program for the 1960 fiscal year, which begins July 1, 1959. The program lists 14 miles of work on 11 projects in nine cities, to cost an estimated \$10,457,000.

Cities in which urban improvements are planned for the 1960 fiscal year include St. Joseph, Marshall, Clinton, Jefferson City, Washington, Joplin, Springfield, Charleston and Kennett.

Federal funds for the work probably will not be allocated before December of this calendar year. However, the Commission approved the year's program now so necessary survey work can be completed, design plans prepared and right of way acquisitions gotten under way. By so doing it is hoped the projects can be ready for immediate contracting as funds become available.

The estimated \$10,457,000 cost of the urban projects is estimated to include \$421,000 for engineering, \$1,633,000 for right of ways and \$8,403,000 for construction. This urban program does not include urban projects which are a part of the interstate system.

Projects included in the tentative 1960 fiscal year program are: St. Joseph: Highway 36—About 3.3 miles grading, bridging and two 24-foot wide portland cement concrete pavements between the Missouri River bridge and Interstate Route 3 (future 29).

Marshall: Highway 65—Acquisition of right of way for a half-mile spur on Arrow Street, from Benton to the Highway 65 relocation, with construction to follow later.

Clinton: State Highway 13—Acquisition of right of way for a one mile spur from Second Street east to the Route 13 relocation.

Jefferson City: Highway 50—1.9 miles grading, bridging and two 24-foot wide portland cement concrete pavements to relocate Highway from Harrison Street to present Highway 50 near East School.

To Finish Agreements On Soil Bank Program

COLUMBIA (AP)—County ASC offices were notified yesterday to complete agreements with farmers on corn, cotton and rice Soil Bank programs up to limits of allocations previously announced.

D. G. Monsees, state ASC chairman, told county committees that upon instructions from Washington contracts will be concluded with farmers who signed before the funds were exhausted.

Monsees said that if and when more funds are available, farmers who fail to get contracts will be given first opportunity to sign agreements. He urged farmers who have not applied for soil bank funds to get names on county registers before the Feb. 20 deadline.

The state ASC was allocated 17 million dollars for corn agreements. Applications exceed 23 million. Similarly, the \$1,950,000 for cotton farmers compares with 5 1/2 million in applications.

The state committee decided that agreements would be honored on a first come, first served basis.

Four Burn to Death As Kerosene Explodes

HOLLIS, Okla. (AP)—Three children and their mother burned to death yesterday after a gallon can of kerosene exploded.

Sheriff Q. D. Jackson said Nathaniel Sanders was pouring the kerosene into a pot-bellied stove in an effort to get the fire to burn hotter. The Sanders farmhouse was destroyed.

The victims were Mrs. Sanders, 28, a 5-year-old daughter, Billie Ann, and two sons, Carroll, 3, and Dwight Eugene, 14 months. Two other children were seriously burned. Sanders himself was burned on the hands. Two youngsters escaped injury.

As the Egyptian-Syrian proclamation of the U.A.R. had done two weeks before, the new federation invited other Arab states to join.

There seemed little likelihood King Saud of Saudi Arabia would bring his big desert kingdom into the new arrangement. Saud apparently approved the Iraqi-Jordanian move, but the impression here was that Saudi Arabia would remain outside both federations.

Faisal and Hussein called the new arrangement "al ittihad al Arabi bayn al dawlatayn," Arabic for "the Arab federation between two states."

This can be rendered, for brevity, as "an Arab federation."

The word "ittihad" is a loose term meaning something like brotherhood, and has little in common with the sort of union proclaimed by Egypt and Syria. That

was called "wahdah," meaning actual "oneness."

The Egyptian-Syrian union proclamation purported to sink the identities of Syria and Egypt in a single republic of two provinces under a single leader, Egypt's President Nasser. But Iraq and Jordan apparently will retain their identities.

The Syrian-Egyptian union brought pressure on other Arab governments for a show of unity by all Arabs in the middle east. By merging, Iraq and Jordan cement a geographical wedge separating Syria and Egypt, 120 miles apart.

There was no announcement here on Iraq's plans regarding the Baghdad Pact, in which it is a key member and the only Arab member. The pact has been a target of violent attack from Arab nationalists, who denounce it as a means of perpetuating colonial control in the Arab East.

Asks Action Plan to Check Depression

AUGUSTA, Maine (AP)—Democratic governors of 11 states have urged President Eisenhower to adopt a six-point plan of action which they said would help check a possible depression.

The 11 offered their "full co-operation."

There was no immediate comment by the President.

All said they would be willing to journey to Washington to discuss their proposals and they invited other governors to join them.

Included in the plans were: expanded federal construction projects which can be launched quickly; bigger health, education and welfare programs; "realistic federal minimum standards in unemployment insurance"; easier credit; "realistic" farm support programs; and tax relief directed at low-income groups.

Gov. Edmund S. Muskie of Maine disclosed the proposals.

Joining the telegraphed appeal to the President were Governors McNichols of Colorado, Lovell of Iowa, Furcolo of Massachusetts, Williams of Michigan, Freeman of Minnesota, Meyer of New Jersey, Harriman of New York, Holmes of Oregon, Roberts of Rhode Island and Rosellini of Washington.

McNichols said Western governors are sending messages to the White House asking for restoration of 75 million dollars in reclamation funds.

L. Judson Moushous, New York State GOP chairman, said in Albany Harriman's participation in the appeal was "another gamble by Mr. Harriman's paid pessimists to create a depression psychology."

American War Dads Hold State Meeting Here Over Weekend

The American War Dads and Auxiliary state meeting will convene here Feb. 22 and 23. This event is staged in conjunction with the State War Dad-Auxiliary Council meeting.

Earl Shackelford, Jefferson City, state director in charge of the US Treasury Savings Bond program will be the speaker at the Americanism dinner Saturday at the Bothwell Hotel. Shackelford is past State Commander of the American Legion.

Elwyn S. Woods, Springfield, National War Dad President, and Mrs. John H. Blake, Overland Park, Kan., National Auxiliary President, will attend the meeting. Mrs. Blake will present framed scrolls to the Missouri Chapters that have contributed to the fund financing the powerful radio station which broadcasts freedom's message to the enslaved peoples of Europe and Asia.

Takes Present Out Of Husband's Mouth

RUTHERFORD, N.J. (AP)—Mrs. Michael LaTorra took her birthday present right out of her husband's mouth.

The couple was celebrating Mrs. LaTorra's birthday at a Paramount restaurant when LaTorra, who was eating oysters, found himself munching on a pearl.

The pearl, appraised at \$80, will be set in a ring for Mrs. LaTorra, her husband said.

Young Desperadoes

HOHOKUS, N.J. (AP)—Two desperadoes picked up behind the Hohokus Inn told police they were looking for a store where they could buy guns. David Shaver and Charles Cary, both 3, were taken back to their parents' cottages.

Kiwanians Presented Lapel Tabs

Sedalia Kiwanians with perfect attendance records were recognized and presented with tabs to wear with their lapel emblems at the club's meeting in Bothwell Hotel Thursday noon.

Presentation of the tabs was made by Robert E. Mullen, 1937 attendance committee chairman, assisted by James Ryan and W. A. Smith, to the following:

Sixteen years—Abe Rosenthal; 15 years—Pinkney Miller, George H. Scruton, Herbert Seifert, Charles Hanley; 12 years—R. C. Hemphill; ten years—Robert Mullen; eight years—Mike Gokaris; seven years—L. H. Reed; six years—L. A. Pharris, William Ward, M. D. Weathers, A. H. Wilks, Clarence Carter; five years—the Rev. Arthur Schmidt; four years—Jack Shoemaker, Jack Crawford, Job Harned; three years—Dan Wolf, Philip McLaughlin, David Eisenstein, Norman Pitcairn, Vernon Bingham; one year—the Rev. Edward R. Sims, James Ryan and Joe Allen.

Dr. A. J. Campbell became a new club member and was inducted by Henry Salveter assisted by Ben Robinson, both past presidents.

Two outstanding Smith-Cotton High School students of the month, sons of Kiwanians, were introduced by Pinkney Miller, James Rice, son of Dr. J. Briggs Rice, and Joe Allen Jr., son of Joe Allen.

The 1938 Kiwanis directories were issued to members after which the Rev. Edward R. Sims, president, instructed all committees named therein to conduct round tables sessions for the remainder of the meeting.

Invocation was by Sylvan Woolery, vice-president. Singing was led by Abe Rosenthal with Miss Lillian Fox accompanist.

Guests were: Clarence Hofer, Kansas City, with Richard P. Callison; and Ben Robinson, Wichita, Kan., with his brother Dan Robinson.

Union Choice Of Delaney Is Expected

MIAMI BEACH, Fla. (AP)—Joseph J. Delaney of New York today was expected to be elected president of the 200,000-member International Union of Operating Engineers to succeed William E. Maloney.

Maloney quit a week ago in the wake of charges by the Senate Rackets Committee that his 18-year-old rule of the union of hoisting machine operatives had been marked by strong-arm methods and lavish personal use of union funds.

Delaney, 61, is a lifelong friend of AFL-CIO President George Meany and was elected six months ago as secretary-treasurer of the engineers union.

Hunter P. Wharton of Pittsburgh, a union vice president and assistant to Maloney since 1930, was due to be elected secretary-treasurer in place of Delaney.

The union's executive board met here for the main purpose of naming Maloney's successor and filling other posts as required by the change in union leadership.

Teamsters Union President James R. Hoffa named Elmer O. Mohr, 51, as chairman of the Teamsters 11-state Western Conference. The choice was expected. Mohr replaces Frank W. Brewster.

Mohr, former Los Angeles Teamsters council head, has been administrative vice president in the union's Washington headquarters for five years. Brewster, who followed Hoffa's election to succeed Dave Beck as president, and failed himself to be re-elected a vice president.

Elks to Have Annual Valentine Dance

The Elks Club will have their annual Valentine dance Saturday, beginning at 10 p.m. Bob Cummings' orchestra will furnish the music. Out of town guests may be invited.

Leach, Okla. Loy D. Whitaker, 61, died at the scene.

Jett D. Elkins, 72, and Mrs. Zoe Etta Whitaker, husband and wife of the victims, were injured and Elkins' condition had been described as critical at St. John's Hospital in Tulsa. Mrs. Whitaker was reported improved but still serious at Memorial Hospital in Sloom Springs, Ark., from where she was to be transferred to Hillcrest Medical Center, Tulsa.

Mrs. Elkins, a former Tulsa restaurant and beauty shop operator, was born in Indiana at Fowler. She was reared in Missouri and went to Tulsa the first time in 1909. She moved to Buffalo in 1912 and to Bunceton, Mo., in 1914, returning to Tulsa in 1922. She was a member of the Boston Avenue Methodist Church in Tulsa, one of the most pretentious churches in the southwest.

Surviving in addition to her brother here are two daughters, Mrs. Vivian Foster, Tulsa, and Mrs. Mildred Daley, Shreveport, La., a son, James T. Elkins, Tulsa, and another brother, Harry Lenington, Lebanon, Mo.; eight grandchildren and four great-grandchildren.

Mrs. Adeline Elkins Rites Funeral services for Mrs. Adeline (Addie) Elkins, 68, sister of Ollie E. Lenington, 1102 East Ninth, Sedalia, were held at Moore's Memory Chapel, Tulsa, Okla., Monday.

Mrs. Elkins was the second victim of an auto accident near

BIRD SEEDY—"Shouldn't have put the tax away without mothballs," this emperor penguin might well be thinking. Actually, he's moulting at his new home in Portland, Ore. The warm weather in the city isn't at all to the liking of the bird and his forlorn companions who are among the survivors of a shipment of 63. Most of the others succumbed to a rare disease en route.

Fires In the City

The Sedalia Fire Department made two runs Wednesday afternoon because of people thawing water pipes. The first was to Leo's Tavern, 111 South Ohio, at 1:34 p.m. where smoke caused by someone thawing pipes turned in the alarm. The second was at 4:20 p.m. to a building owned by E. Davis at 518 West Pettis where some rats caught fire while pipes were being thawed.

Damage was slight in both cases.

Police Reports

A report was given the police that thieves have been stealing gasoline from cars in front of 807 West Sixth, sometime between 11 p.m. and midnight, several times recently.

Police were called to 1517 East Fourth at 8:45 p.m. Thursday where children were creating a neighborhood disturbance. They were talked to by the officers.

A two-bottom gang plow was found in the alley back of the Harvey Brothers Implement Co. at 10:25 p.m. Thursday. The owner was notified and moved it onto company property.

Pvt. Wayne T. Berry, picked up by the police as being AWOL from the Marine Corps, Camp Pendleton, Calif., was released to Sgt. M. A. Bohannon, Marine recruiting officer here in Sedalia.

Marie Acker was granted a divorce from John Acker in circuit court Friday. William F. Brown was the attorney for the plaintiff.

Fellowship Dinner Is A Success

The second annual Fellowship Dinner was held by the Northside Citizens Association Friday evening, Feb. 7, at the American Legion Hall, Pettis and Ohio, with Earl Crawford, Sedalia attorney, as the guest speaker. Crawford gave a very informative talk on the subject: "The Place of Civic Organizations in the City." He was introduced by the president of the Northside Citizens Association, Response was made by Dr. A. R. Maddox followed by remarks by Dr. C. C. Reynolds, Harry Browder, assistant principal of Hubbard School, and O. O. Lawson.

Invocation was by the Rev. J. E. Gillum, pastor of Taylor Chapel, M. E. Church.

Mrs. D. F. Richards served as mistress of ceremonies and the following musical program was presented: National Anthem by all present; two selections by the Gospel Notes from Jones Holy Temple, a vocal solo, "It Is No Secret" by Mrs. Newt Foster; instrumental solo, "He Knows How Much We Can Bear," Mrs. Joseph Bess; vocal solo, "Does Jesus Care," by Mrs. Emmett Jackson.

The dinner, the feature of which was ham, was served buffet style and guests were seated at a long, attractively decorated table down the center of the room. The table was covered with a white linen cloth on which were three beautiful arrangements of flowers in red and white carrying out the Valentine theme. The rear wall of the room was covered with red hearts effectively arranged on a white background and festoons of red and white crepe paper were suspended from the ceiling. Mrs. Mark Powell, chairman of hospitality and decorations, was in charge of the decorations.

Mrs. Wilson Foster was program and publicity chairman. The Rev. B. Jones gave the benediction. The dinner was attended by a large crowd.

Suffragette Dies at 77 In California

SANTA MONICA, Calif. (AP)—Dame Christabel Pankhurst, militant campaigner for Christ and women's suffrage, is dead.

Friends found her in her chair yesterday in the house she occupied alone. She was 77 but had been in poor health. The precise cause of death has not been determined.

More than 50 years ago she began accompanying her mother Mrs. Emmeline Pankhurst on speechmaking tours in England, where they fought vigorously in behalf of suffrage for women. Often they wound up in jail for creating disturbances.

Her father Dr. Richard Pankhurst also had been an ardent crusader for the women's vote. Emmeline Pankhurst worked as a suffragette from 1889 until victory was won in England in 1918. Christabel, for her work, received from King George V the honor of dame commander of the Order of the British Empire.

In her 20s she had been one of the first British women to pass the bar examination, but England did not then permit women to practice law.

About 1947 she came to Santa Monica but remained active. Even her last years she retained all her emotional fire and made occasional speeches, friends said. There are no known immediate survivors.

Ever Ready Club Has 32nd Anniversary

The Ever Ready Club of Burns Chapel Church will celebrate its 32nd anniversary Sunday at 3 p.m. with a short program.

Mrs. Lauretta Emerson will be the principal speaker.

Mrs. Mary Williams is president of the club and the Rev. J. Y. Jackson is pastor of the church.

Has Business Meeting

Twenty-six members of Georgetown 4-H Club met Feb. 6 at the school. Year books were distributed.

Following the meeting games were played and the committee, Mrs. Meyer, Mary Edwards, Donna Moore and Jim Wheatley served refreshments.

Anita Jennings, Pamela Jennings and Jean Rasa joined the club.

The next meeting will be March 6.

Black Moves In Switch To Lee's Summit

C. Monroe Black, who has been district manager for Missouri Public Service Company in Warrensburg since 1946, will be transferred to Lee's Summit, as district manager of the company's property there, effective March 1. He will take over the job there, vacated on Jan. 1 of this year by James W. Stephens, who has been transferred as executive assistant to the company's general office in Raytown.

Black's place in Warrensburg will be taken over the same date by Harry G. Kull, now assistant district manager for Missouri Public Service Company at Lee's Summit.

Black, who is a registered professional engineer, began work with Missouri Public Service Co. on July 1, 1937, at Nevada, Mo., first working as lighting salesman.

On June 12, 1938, he was moved to Lee's Summit as district engineer. He went to Warrensburg on July 30, 1940, as the company's industrial engineer. He was made chief engineer for the company on Aug. 6, 1942, and in March, 1943, was named general superintendent, a job he relinquished when C. J. Mason, the company's general superintendent, returned from the army. At that time, on May 16, 1946, he was made district manager at Warrensburg, where he has remained in the same capacity until this time.

Black is a past president of the Chamber of Commerce at Warrensburg, serving during 1954 and 1955. He is chairman of the air base committee of the Warrensburg Chamber, serving in that capacity for the third year. He is also a member of the board of directors of the Warrensburg Industrial Corporation, serving his third year on the board, and this year is also treasurer of the group. He is a member of the Whiteman Air Force Base Community Council which was instituted at Warrensburg last year. He is a member and Past Master of the Masonic Lodge and is a member of the Elks Lodge, Rotary Club and Country Club of Warrensburg, and also associate member of the Windsor Jaycees.

WSCS Program Is Presented By Circle 5

The Woman's Society of Wesleyan Methodist Church held its regular meeting Thursday at the church. The devotion was given by Mrs. Charles Huddleston.

Circle five, Mrs. K. P. McCarty, chairman, presented the program, "Christian Action on the March." The following members assisted on the program, Mrs. E. B. McNeill, Mrs. Claib Harlan, Mrs. E. W. Bartley, Mrs. Robert Burford, Mrs. Nina Sparks, Mrs. Herbert Mason, and Mrs. Laura Lange, Wesleyan Service Guild member. A film on "Christian Social Relations" was shown with narration given by Mrs. Myron Lindquist. Special music consisted of two vocal solos, one sung by Mrs. George Lovercamp accompanied by Mrs. Sparks, and one by Miss Kay Burke accompanied by Mrs. A. R. Beach.

Mrs. Dimmitt Hoffman, president, presided over the business meeting. Mrs. L. L. Ball gave a memorial tribute to Mrs. A. C. Lueking, who died recently. Mrs. Lueking had been a faithful member of the Woman's Society for many years. Mrs. Dick Kinsey, a visitor, was introduced. Mrs. Lillie Stephenson, who was observing her 92nd birthday, was congratulated.

Life membership pins were presented to four members of the society, Mrs. T. A. Maxwell, Mrs. R. V. Miller, Mrs. Herbert Mason, and Mrs. A. M. Harlan.

Mrs. Lester Bates gave highlights of the zone workshop meeting held Friday, Jan. 31, at Windsor. Four members attended the meeting, Mrs. Bates, Mrs. Dimmitt Hoffman, Mrs. Ernest Biggs, and Mrs. Walter Niles.

Members were reminded to attend the World Day of Prayer meeting on Friday, Feb. 21, at 2 p.m. at the Federated Church, Sixth and Osage. Mrs. Walter Niles and Mrs. Frank Coffman are the co-chairmen.

The meeting closed with prayer by Mrs. Werner Botts. Luncheon was served at noon by Circle Six, Mrs. James Harvey, chairman, and her committee.

Greeters were from Circle Three, Mrs. Lee Binder and Mrs. Raymond Nagel.

Legion, Auxiliary Enjoy Ham Dinner

Forty members of the California American Legion and Auxiliary Jobe-Elliott 17, enjoyed a ham dinner at its February meeting at the Legion home in California, Mo., on Thursday night. Roy Carver, department finance officer, Columbia, and Bernie Dunn Jr., Jefferson City, were guests.

Mrs. Tom Neuburger, president of the Auxiliary, will give a party for the girls who worked in the Blue Crutch sale recently. The Auxiliary gave \$5 to polio and also to tuberculosis seal sale. The south room at the Legion Home in which the Auxiliary meets is being redecorated, it is hoped that more than one girl can be sent to Girls' State which will be held at William Woods College in Fulton June 22-29. Only high school juniors may attend.

The annual Legion birthday party is being planned for the March meeting. Eighth District will meet at Westphalia Sunday afternoon, March 2. The Americanism chairman Mrs. M. H. Crawford reports that schools are being contacted to take part in the annual Americanism essay contest. The subject this year is "My Country's Contribution Toward Permanent Peace."

Social Calendar

Mrs. Sillers Tells Of American Flags

The American Legion Auxiliary to Post No. 16 met Monday night at the American Legion hall for its regular February business and social sessions.

Russell Conn, with Mrs. R. R. Conn at the piano, sang "Whispering Hope," and "Onward, Christian Soldiers." He asked the group to join with him in singing the chorus of the latter.

The speaker of the evening was Mrs. P. A. Sillers, who gave an illustrated talk on the various flags of this country, from the banners of the Norsemen, 500 years before Columbus brought the banner of Isabella and Ferdinand to this country, through the British crosses of St. George and St. Andrew, which colored the flags of the 13 colonies to the present day Stars and Stripes as we know it.

Plans were made for a birthday party for the Legion on March 3. This will be a basket dinner at the hall with each family bringing a well filled basket. Entertainment will follow the business sessions.

Mrs. W. C. Cain, president, was in charge of the business session. Mrs. Russell Conn was appointed chairman of the legislative committee to cooperate through the department legislative committee with the American Legion legislative commission in Washington, D. C.

Three members at large were elected to round out the Executive Board of the Auxiliary. Mrs. L. V. Morris was elected for the three year term, Mrs. William C. Wilson the two year term and Mrs. J. R. Comer for the current year.

Hostesses for the social hour were Mrs. E. Glenn Lewis and Mrs. L. V. Morris. The refreshments and table decorations were in the Valentine motif.

Church will meet as follows:
Maggard Circle No. 1 meets with Mrs. Fred Koenig, 1015 West Broadway, at 1 p.m.

Morris Circle No. 4, with Mrs. Harry Wahrenbrock, 907 West Fourth, at 1 p.m.

Cline Circle No. 5, with Mrs. W. A. Montgomery, 1009 West Broadway, at 1:15 p.m.

YOUR CHILD MAY HAVE PIN-WORMS (OUT OF 3 DOES!)

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it: First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily. Don't take chances with this dangerous, highly contagious condition. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

AAUW Enjoys Book Review By Mrs. Hopkins

Mrs. William Hopkins reviewed John Patrick's "Tea House of the August Moon" in a most delightful manner for the Feb. 3 meeting of the Sedalia Branch of the American Association of University Women, held at the home of Miss Catherine Garman, 1016 E. 3rd Broadway.

Mrs. William Bunn presided over the business meeting and a report of the American Field Service committee was given by Mrs. John Zulauf of Smith-Cotton students eligible to participate in the summer program of AFS having been sent to New York. The final selection of a candidate is left to their selection. Last year American Field Service started the Americans abroad program which included a six months period of American students living in homes abroad and attending school similar to the program carried on here so successfully for three years in Sedalia schools and homes, so it is hoped that a Sedalia student will be sent for a term in a foreign school.

At the close of the program refreshments were served by the hostess.

Relatives and friends from other cities attending funeral rites for Mrs. Rita Stumpf, Ottaville, held at the Gillespie Funeral Home included Mrs. James Reed, Raytown; Mr. and Mrs. Clovis Michell of Columbia; Mrs. Henry Kronsbein, Concordia; Mrs. Pearl McCluney, Mrs. Ola Hedges, Mrs. Bertha West, Mrs. Orville Wernicke, Warrensburg; Mr. and Mrs. David Hendrix, Kansas City; Mrs. Lawrence Hendrix, Sunrise Beach; Mr. and Mrs. Oscar Hendrix and Billy Hendrix, Sparta, Mo.; James Hendrix and Mrs. Helen Self, Kansas City.

Seedless green grapes are good added to a cabbage salad.

Mrs. Roy L. Phillips
Elsner-Phillips Marriage Vows

Miss Celeste Gayl Elsner, the daughter of Mr. and Mrs. Herbert Elsner, Gentry, Ark., and Roy L. Phillips, Texarkana, Ark., were married January 19 at the Methodist Church in Gentry.

The bride is a granddaughter of Mr. and Mrs. Lon Stone, Houston. Given in marriage by her father, the bride wore a wedding gown of Chantilly lace over satin. Her flowers were carnations.

Ginger Elsner, sister of the bride, was flower girl. The bride's brother, Gary Elsner, lighted the candles.

A reception was held following the ceremony. The bride attended the University of Arkansas and is employed as a bookkeeper for Natural Gas Co. The bridegroom is a student at the University and they are residing at Fayetteville, Ark.

Circle Gives Surprise Shower for Mrs. Hurd

Mrs. W. A. Green's Circle of the Epworth Methodist Church met Feb. 11 in the church dining room with Mrs. Ben Hardin, Mrs. Orpha Wheeler and Mrs. Virginia Schlobohm as hostesses to 20 members and seven guests. Guests were Miss Geneva Wheeler, Mrs. Marian Wheeler, Mrs. Jessie Dyer, Mrs. Guy Hurd, Mrs. Rosalee Alcorn, Mrs. Ira Bronson and Marian Schlobohm.

The devotionals were given by Mrs. Armada Meyer, and Mrs. May Varney. Prayers for the ill, bereaved and shut-ins and sentence prayers were offered by Mrs. Meyer, Mrs. Wheeler and Mrs. Green.

This was also the Valentine party and a surprise gift shower was given for Mrs. Guy Hurd, who was observing her birthday. Refreshments were served.

The next meeting will be March 11 with Mrs. Belle Heckenleable, Mrs. Pauline Garrett and Mrs. Ira Bronson as hostesses.

The Heart You Save....

Paper hearts are prolific on such an occasion as St. Valentine's Day; flowers and gaily decorated boxes of candy, too. The lovers' festival it is sometimes called.

February 14 also is mid-point in a period becoming more familiarly known as the Heart Month.

Again the Pettis County Heart Council is active in doing its share of raising funds for the American Heart Association which carries on a ceaseless crusade through research, education and community services.

This association with its affiliates and chapters such as we have in Pettis county, is the only national voluntary health agency devoted exclusively to combating the heart and blood vessel diseases.

In the battle against heart ailments, the Association's primary objective is research, the chief weapon. And this requires supporting funds such as are still being raised in the current drive of the local Heart Council.

What interest have Sedalians and Central Missourians in this activity? The personal satisfaction of helping others who are stricken; and, who knows, mem-

bers of one's own family, or one's self.

It is well to remember that 10,000,000 Americans suffer from some form of heart and blood vessel disease which cause more deaths in the nation and in Missouri than all other causes combined. More than 500,000 victims are children.

Those who contribute to the Heart fund are helping to bring the benefit of research to the physicians of this and other communities, and to the public as well, through educational programs. And if there ever was anything needed so vitally in this respect it is early diagnosis by stimulating public awareness of such diseases.

Because of research supported by public response to Heart Fund contributions, high blood pressure, a major cause of heart disease, is beginning to yield to treatment. And surgery today can work veritable miracles in correcting congenital or acquired heart defects.

Generous contributions to the Heart Fund certainly are warranted on behalf of society in general. But from a purely selfish standpoint it might be a personal health investment.

The Heart you save may be your own.

The Washington Merry-Go-Round

Rayburn Wanted to Kill Probe He Began

By DREW PEARSON

WASHINGTON — A proud old man with a great record of serving the United States and with no children of his own is one of the factors behind the abortive frustration of the Congressional Committee supposed to probe governmental agencies, but which of late has concentrated on investigating its own eager-beaver ex-counsel, Dr. Bernard Schwartz.

The old man is speaker Sam Rayburn of Texas, who loves his two nephews as his own sons.

One nephew is Commissioner Robert Bartley, whose name has cropped up in the probe of the Federal Communications Commission. The other is Tom Rayburn, who works for the General Services Administration.

The first nephew is the son of Sam's sister and hostess, Mrs. S. E. Bartley, who is extremely close to the speaker. When the speaker got Bartley a job with the Federal Communications Commission, he gave him a fatherly lecture on upholding the public interest, admonished him to serve the people, never dishonor the family name.

Speaker Rayburn himself has a great record, to which this column has frequently paid tribute. He was author of the bill which gave birth to the Federal Communications Commission. He also authored most of the independent agencies in Washington. Sam has probably served the American people more constructively than any other man now in Washington. He has a record to be proud of and he wanted his nephews to live up to the name.

How The Probe Started

In fact, it was Sam's nephew, Commissioner Bartley, who really inspired the present investigation which his uncle has recently been trying to soft-pedal. Bartley, sitting as he did on the inside of the FCC, saw the White House pull wires to influence the disposal of priceless TV licenses to big corporations, big magazine chains, big newspapers, and to Ambassador Jock Whitney in London, who now controls the New York Herald Tribune. Bartley, rebellious at this wire-pulling and concentration of power, took these facts to his uncle, the speaker.

The speaker in turn made an impassioned plea to the House of Representatives to vote \$250,000 to investigate the independent agencies.

Today, however, the investigation which Sam started has backfired and he has been trying to divert it to other channels. For in the expense accounts which Dr. Schwartz found, there was around \$200 paid to Sam's nephew by the radio-TV industry for travel expenses.

Think It Through

—By E. F. Hutton

Christmas, Father's — Mother's Day; "Say it with flowers"; Ground-hog Day; or "Valentines on the Volga."

The Russian boys and girls, fathers and mothers, just don't know of these things—and the reason is Communism. Under its bleakness, the Moscow bosses could afford to give their slaves some luxuries. So here's a suggestion for Khrushchev.

Give a really warm coat to papa to protect him from the cold — Russian price, \$500; shoes for mama (she needs sturdy shoes, for many sweep the streets or carry bricks 48 hours per week) — price, \$150; new shirt for Junior (quality so poor that an American Junior wouldn't wear it) — price, \$15.

No choice of free markets: you take from government-controlled stores what the government-owned factories manufacture. Families go hungry for months to save enough rubles to buy a few things more than sheer necessities. No luxuries; no frills; no fun! Such is Communism, — all of which, in my book, is a barrel of moonshine. When you see pictures of Russians — including children — is there a smile or a laugh in sight?

The difference between Communism and the Free Enterprise System is: Americans can purchase their needs in a free market of their choice. In Russia, there is no choice.

Our valentines are mostly jokes, and seldom signed. We "rag" our friends, — also Government officials. No one gets sore. But beware of "do-good" labels. Under a clear light, they may read Communist.

A Good Start

Congress has not had to wade through long committee hearings on the new budget to get the beginnings of real action on a stepped-up defense program for the United States.

With final Senate action taken, the lawmakers have approved an emergency fund of 1.4 billion dollars for defense.

Translated into specifics, this means the government can soon get under way on the building of three atomic-powered submarines to launch the Navy's intermediate missile, the Polaris; that another long-range missile site can be built, adding to the present two; that the Air Force will get additional monies for missile work and the effective dispersal of Strategic Air Command bases.

Much more remains to be done to get the expansion of defense the nation requires. But at this stage, any push helps and we must welcome it.

Victoria is the only port in the Seychelles Islands.

The World Today

Johnson Knows How to Create Spotlight

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—Some men duck the spotlight. Some love it so much they crawl towards it on their hands and knees. But Sen. Lyndon Johnson creates it. He did it again this week.

The tall, 49-year-old Texan did something else this week too. He showed again he has what every good politician and athlete must have: a sharp sense of timing.

He bounced back from a heart attack in 1955 like a man with his battery recharged. As leader of the Senate Democrats he has given the Senate — particularly in the past few months — a look of speed and action.

In those months he did three major things, all of them of the kind that compelled national attention and all of them useful if he looks for the Democratic presidential nomination in 1960.

This is what he has done since the first Sputnik went up in October:

1. As chairman of the Senate's special subcommittee on preparedness, he led the investigation into the Eisenhower administration's defense program, with the accent on missiles.

2. As soon as that subcommittee had ripped through its inquiry, he proposed the Senate should create a special committee to study the

entire range of problems facing this country in outer space.

3. This week he proposed — and his fellow Democrats went to work on it right away — a 10-point program for fighting the economic recession now spreading across the country.

His timing was excellent on all three of those activities, but particularly on the last.

He outlined his 10-point anti-recession program just after President Eisenhower issued a statement intended to reassure the nation the recession will go away.

Eisenhower in his statement pointed to steps already taken by his administration to curb the downturn, promised he would take

any others he thought necessary.

Thus it is a matter of opinion whether Eisenhower is doing enough or whether Johnson's proposals are really needed.

But this is an election year for all 435 House members and one-third of the 96 senators. If the recession gets worse, the Democrats will blame it on the Republicans.

If the Senate, where Democrats have a majority, puts through the Johnson program and the recession fades, the Democrats at election time will claim credit.

Johnson's proposal, coming so soon after Eisenhower's reassuring statement, was in effect a way of saying that the Democrats don't think Eisenhower is showing the leadership he should and so therefore they'll do the leading.

And in this Johnson will be the leader of the leaders. He can't do himself any harm.

The Mature Parent

Show Of Tenderness May Balk Child's 'Malevolence'

By MRS. MURIEL LAWRENCE

After six weeks of watching his mother care for his new baby sister, 4-year-old Jack developed a disturbing suspicion. He got the idea that she had acquired a second child out of dissatisfaction with him. This suspicion made him very greedy for her admiration.

One day when she was nursing the baby, the sight of their closeness became intolerable. Desperate for attention, Jack climbed up on the living room sofa, straddled its back and began bouncing up and down on it, yelling, "Look at me! I'm a cowboy! Hey, look..."

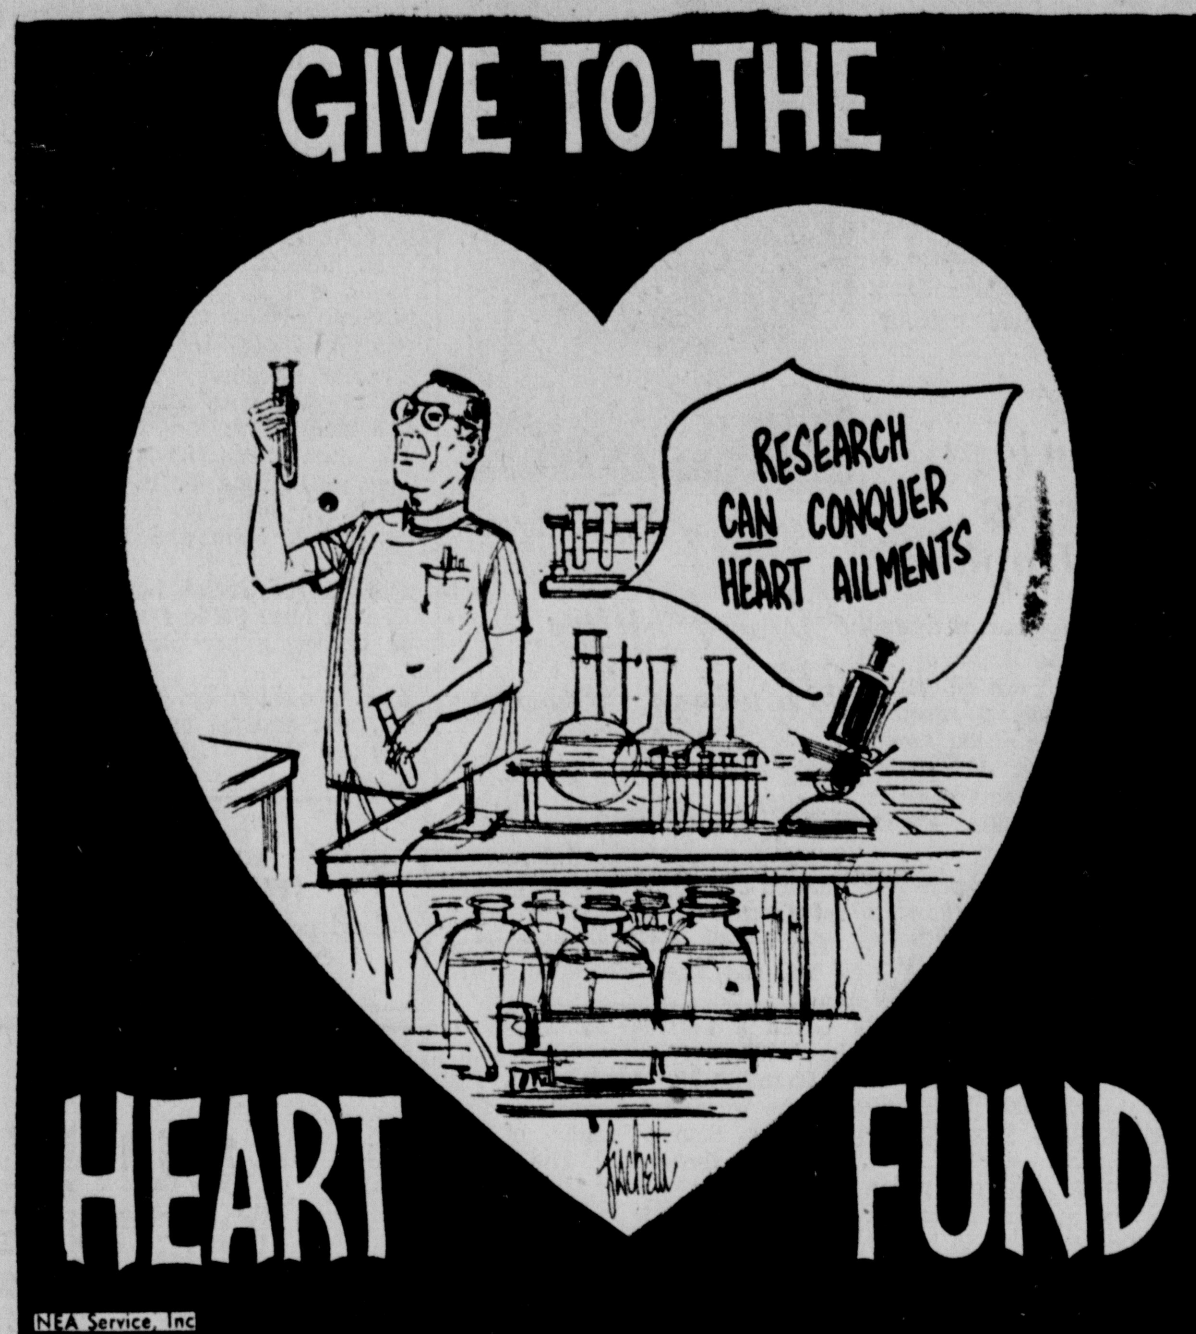

His mother looked—but delivered no admiration. She said, "Get down from there! Do you want to wreck all the furniture in the house?"

If you'd been watching Jack closely, you'd have seen the change come over him. The look of excited hopefulness on his face was replaced by one of sly and defiant malevolence. Ignoring his mother, he went on bouncing and yelling more vigorously than before.

She had to leave the baby to pry him, kicking and furious, from the sofa.

The late Dr. Henry Stack Sullivan was one of our great teachers of psychiatry. Of the change that came over Jack, he wrote, "The child learns that it is highly dis-

Show Of Tenderness May Balk Child's 'Malevolence'

By MRS. MURIEL LAWRENCE

After six weeks of watching his mother care for his new baby sister, 4-year-old Jack developed a disturbing suspicion. He got the idea that she had acquired a second child out of dissatisfaction with him. This suspicion made him very greedy for her admiration.

One day when she was nursing the baby, the sight of their closeness became intolerable. Desperate for attention, Jack climbed up on the living room sofa, straddled its back and began bouncing up and down on it, yelling, "Look at me! I'm a cowboy! Hey, look..."

His mother looked—but delivered no admiration. She said, "Get down from there! Do you want to wreck all the furniture in the house?"

If you'd been watching Jack closely, you'd have seen the change come over him. The look of excited hopefulness on his face was replaced by one of sly and defiant malevolence. Ignoring his mother, he went on bouncing and yelling more vigorously than before.

She had to leave the baby to pry him, kicking and furious, from the sofa.

The late Dr. Henry Stack Sullivan was one of our great teachers of psychiatry. Of the change that came over Jack, he wrote, "The child learns that it is highly dis-

advantageous to show any need for tenderness in which case he shows something else—the basic malevolent attitude. On that basis there come about the remarkable developments we see later in life when the child makes it practically impossible to feel tenderly toward him."

This sudden appearance of malevolence in little children frightens us. So it can be very helpful to understand it to be actually despair of our tenderness and admiration.

Then we can stop thinking, "Oh, what self-willed stubbornness this child is getting to be!" We can correct our irritable response and deliver the desperately needed admiration. With genuine tenderness, we can say, "I didn't understand you were being a cowboy. But that sofa horse of yours doesn't really gallop. Why don't you make a horse out of the broomstick in the kitchen?"

As Dr. Sullivan suggests, it is uneconomical to allow Jack's despair of our admiration to develop.

Hard-to-Kill Prejudices

More Women Working But Not at Top Level Jobs

By Esther Van Wagoner Tufty

Of Our Washington Bureau
WASHINGTON—Why don't women get the top jobs, especially in the government?

Secretary of Labor James P. Mitchell admitted they didn't, but as to Uncle Sam setting the example he said seniority handicapped the women, who are more apt than the men to leave and then come back, thus creating a

gap in continuous employment.

The subject of high level jobs came up at a press conference called by Alice K. Leopold, who reviewed the four year gains of the Women's Bureau since her appointment as director. Especially successful has been the community-approach to broaden employment for the older woman with local women's organizations setting up Forums where employers could tell an audience of would-be older workers where and how to enter or re-enter the labor market.

Other reasons mentioned by Secretary Mitchell or Mrs. Leopold why few women reach the policy-level, higher salaried, positions included:

The working mother's first responsibility is to her family, especially if she has minor children.

Only recently have many women become qualified and experienced for higher posts. As an example, only 13 women have been elected to Congress.

Hard-to-kill prejudices still make some men not want to work for women, and even some women prefer a male-boss. Some professions (medical, scientific, and legal) are allergic to female competition.

Just the same more and more women are in the labor force... some 22 million. That's three million more than at the height of World War II.

More amazing is that one third of all adult women are working today... and more than half are married!

That the bureau activities will be expanded was assured by Secretary Mitchell, who recently promoted Mrs. Leopold to be also Assistant to the Secretary of Labor.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Going to church has become an accepted practice by millions of Americans. Although this regular attendance helps each worshiper prepare to live a better life, we cannot be satisfied with this single objective.

Since our lives are fuller for the experience, we ought to urge others to share our benefits. Thousands of her folk seldom go to church. It is up to those who have learned to walk with God to invite others to go to worship with them.

A good rule for us to follow would be to always take a friend, a neighbor or even a stranger with us. Many would never take the initiative to go to church alone.

Many would never meet God nor know of His love and peace if they were not invited by someone else. We must be the ones to give the invitations.

Ruth Millett Says

Don't Let Child Confuse Success With Lots of Money

"Are any of your sons planning on going into law?" someone asked a highly successful lawyer, who is the father of three young boys.

"I don't know," said the lawyer. "I'm certainly not going to put any pressure on them to be anything but to fulfill my ambitions for them."

"I've been so shocked by the number of boys from so-called good homes who are getting into trouble that it has made me ask myself a few questions."

"Are we parents who are fairly successful giving our kids a wrong sense of values, bringing them up to think that nothing counts but success, that money and things are all-important and that 'amounting to something' is simply a matter of figuring out a way to make enough money to have a fine home, big cars, etc?"

"I'm afraid that is the idea a lot of young people are getting right at home — from their own parents. So I've made up my mind that if I can just make my boys see that the important thing in life is to do right, act in a way you don't have to be ashamed of, and to take pride in any job they do, how they decide to earn a living will be all right with me."

First Christians Note Anniversary Of Their Pastor

The Worship Department at First Christian Church, under the guidance of the chairman, Roy Dawson, is calling attention to the first anniversary of the Rev. Harry Purviance's ministry at First Christian. During this year 82 new members have been added to the church and 19 couples have been united in marriage by the Rev. Purviance. A special invitation has been sent to these new members and newly married couples urging them to be present at the special services Sunday.

On the Rev. Purviance's first Sunday in Sedalia a year ago, there were 439 people in attendance at the Worship Service. A special effort is being made to have as many of these same people as possible present Sunday. The sermon topic announced is "The Messages of God's Silence." The special music for the first service will be a solo by Miss Mary Louise Barnes entitled "This Is the Story of Jesus" by O'Hara. At the second service, Mrs. Jack Herndon will present a solo entitled "Soft Were Your Hands, Dear Jesus" also by O'Hara. The Chancel Choir will practice Wednesday at 7 p.m. The Junior Choir will practice at 3:45 p.m. Thursday and the Youth Choir will practice Sunday at 8 a.m. and at 6 p.m.

109 Churches of Sedalia and Invite All To Their Services This and Every Sunday

BAPTIST
ANTIOCH—A. D. Langston, pastor. Four miles north of Sedalia. Sunday school every Sunday 10 a.m. Preaching services 11 a.m. and 8 p.m. 1st and 3rd and 5th Sundays.
BETHLEHEM—Four miles north of Sedalia. Rev. Asa Skelton, pastor. Sunday school, 10 a.m. Worship, 11 a.m. and 8 p.m. 1st and 3rd and 5th Sundays.

United Church To Hear Talk On Living Together

"Why Can't We Learn To Live Together?" will be the question posed by Pastor Armin F. Klemme's message at Immanuel Evangelical and Reformed Church (United Church of Christ) Sunday. That same afternoon, 4:30, the Senior High Youth Fellowship will meet at the home of their sponsors, Mr. and Mrs. Edwood Olsen, 1504 West 20th, for a Valentine party.

The general public is invited to a special Lenten Service at Immanuel Church Tuesday, at 7:30 p.m. Bill Bangert, noted for his singing and athletic ability, will present a sacred concert of "The Life of Christ" in song and pictures with Garland Young at the piano. This 33-year-old man from Berkeley, Mo., has just returned from West Germany, where he has been invited to present this concert. The free-will offering at the intermission will be presented to the Peoples Athletic League, which Bangert sponsors for underprivileged boys of Missouri.

Bangert is a former national champion in shot-putting and discus, while at MU and Perdue, and was Midwest Western Golden Gloves champion in 1948. He has defeated Bob Baker in the ring, and fought Coley Wallace. He was blinded in 1949, but his sight was restored in 1950. During his blindness he won third place in the national track and field meet in Madison Square Garden. He sings for pleasure and turns all the proceeds over to the PAL. He was chosen as the Outstanding Young Man in St. Louis County in 1951. He is married and is the father of five girls.

The Rebekah Circle and Churchmen's Brotherhood will meet Wednesday at 7:30 p.m., instead of Tuesday for this month. The Ruth Circle will meet on Wednesday at 1:30 p.m. and the Dorcas and Mary - Martha Circles meet on Thursday at 1:30 p.m.

Several of the church school teachers will attend a Christian Education Workshop for this area at Lexington, Thursday afternoon and evening.

The Ladies of the church will meet at 9 a.m. Monday and Tuesday for a quilting party. They are to bring a covered dish for the luncheon which will be served at noon.

The Bethany Class will meet at the church Tuesday, Feb. 18, at 7 p.m. for visitation of prospects and members of their class, after which they will have a social hour at the home of Miss Grace Farley, Apt. 15, Broadway Arms.

The Faithful Workers Class will meet at the church Wednesday at 1:30 p.m. for their monthly class meeting. The Teachers and Officers Seminar will be led by William Hudson Wednesday evening at 7 p.m. The book, "Every Christian's Job" by C. E. Matthews, will be taught by the pastor, Rev. Kenneth W. Davidson, at 7:30 p.m. during the Prayer Service. The Church Choir will practice at 8:30 p.m.

The Beginner Teachers and Officers will continue their study of the book, "Beginner Sunday School Work" by Strickland and Leatherwood, Thursday and Friday nights at 7 p.m. The TEL class will also meet Thursday night, Feb. 20, at 7:30 p.m.

The Junior and Intermediate Royal Ambassadors will have their meeting at the church Saturday, Feb. 22, at 9:30 a.m.

Baylor Seems To Have Cage Title in Bag

The Associated Press
Elgin Baylor appears to have the major college basketball scoring title in the bag, but even with his 34.4-points-a-game average he's a long way from setting records.

The 6-6 junior scored 47 points for Seattle last night in a 99-93 victory over Regis of Denver. That makes 654 points in 19 games.

Oscar Robertson of Cincinnati has scored 633 points in 19 games for a 33.3 average. It looks close, but Oscar would need 54 points in his next game (against stingy Oklahoma State tomorrow) just to tie.

Baylor is well back of the all-time one-season average record of 41.7 set by All America Frank Selvy at Furman in 29 games in the 1953-54 season.

Only one of the top 10 clubs played last night, and Maryland, ranked No. 9, breezed past Clemson for a 72-54 decision in the Atlantic Coast Conference. North Carolina, rated 11th, needed a pair of field goals from Bob Cunningham and Tommy Kearns to come from behind in the last 34 seconds and defeat Wake Forest 60-57 in another ACC game.

Denver hung Don Campbell on Wyoming's high-scoring Tony Windis midway in the first half and barreled from behind for a 77-60 victory that dumped the Cowboys out of a first-place Skyline Conference tie with idle Brigham Young.

Boo Ellis scored 29, grabbed 12 rebounds and collected four assists for Niagara in a 76-65 victory over Seton Hall. St. John's of Brooklyn built a 15-point lead in the first half and rapped Manhattan 77-66 in the other half of the New York Madison Square Garden double-header.

Stefan Moves Forward To Box Gale Kerwin

NEW YORK (AP)—In the jargon of the race track, unbeaten Stefan Redl is moving up in class tonight when he boxes Gale Kerwin at Madison Square Garden.

Redl, with only two fights since June, had a "tightener" in Holyoke, Mass., three weeks ago where he knocked out Willie Moore in four rounds. He will be carrying more weight than Kerwin but will be giving away height and reach. Kerwin is favored.

They say Redl is moving up because he will be making his first appearance in a Garden main event after building up a perfect record in 17 fights for the small clubs. Kerwin will be topping the show for the third time.

Two Pitchers Sign

KANSAS CITY (AP)—Two pitchers, Wally Burnette and Arnold Portocarrero were signed today by the Kansas City Athletics, bringing the 1958 roster to 32 players.

The 28-year-old Burnette won seven and lost 12 last season and had an earned run average of 4.30. Portocarrero, one of the few remaining players who came with the club from Philadelphia, won four and lost nine last season and had an earned run average of 3.91.

LODGE NOTICES

Annual Valentine Dance Saturday night 10 o'clock Sedalia Lodge No. 125, B.P.O. Elks. All Elks invited and urged to come.

John Hazell

Hazell Facing A Stiff Test In Pin Match

Johnny Hazell, making his third appearance on the Bowling at Broadway match, faces another stiff test tonight when he defends his championship against Bob McCurdy, the personable Hughesville sharpshooter who fired a record shattering 675 series to qualify. The match will be televised over KDRO-TV beginning at 8 p. m.

In two previous appearances, Hazell defeated Russ Shafer to gain the crown and blasted Bob Waggoner in his first title defense last Friday. McCurdy, in the qualification round, came up with the highest series yet recorded since the Bowling at Broadway series began—a tremendous 675.

Both are among the elite group of Sedalia bowlers, carrying 180-plus averages, and they are teammates on the Broadway Lanes traveling team. Hazell has been the ace of the Broadway Lanes team this season and carries an average of 192-pins per effort.

Although the spirit of friendship will be in evidence tonight, it's a good bet that the competitive fire will rage when these two kieglers hook up in the championship test.

Bunceton Wins First Place on Home Floor

The Bunceton team downed Ottaville five Thursday night to win the championship game in the Tri-County tournament at Bunceton. Bunceton controlled the floor all the way, chalking up an impressive 6-3 victory. Ronnie Dick of Bunceton was high scorer for the game with 31 points, while Clyde Paul led the losers with 11 points.

Cole Camp Wins Against Stover Team

Thursday night the Cole Camp steam roller gave their fans a scare when they barely squeezed out a slim 45-41 win over the Stover Bulldogs at Cole Camp. The first half ended with Bluebirds trailing by ten points, 27-17, after their towering rebound power stood flatfooted and allowed all but two offensive rebounds to go into the hands of the smaller Bulldogs.

The first quarter saw the Stover team playing a cautious game of ball control, ending the first eight minutes of play at nine-all, when in the second period the Cole Camp defense was broken wide open, allowing the Bulldogs to slip in several set-ups under the noses of the towering back line of the Bluebirds defense. Stover outscored their hosts 18-8, to give them a comfortable halftime lead of 27-17.

In the third quarter Cole Camp bounded back when their scoring punch which Stover had successfully held in check until then, and the Bluebirds scored 17 points to Stover's seven, ending the third quarter of play with a tied score of 34-all.

The last stanza opened with the hosts still a little slow on their feet, and losing several passes to a fast driving Stover quintet, but still they managed to outscore their guests, 11-7. With a slim lead of one point and two minutes to play Cole Camp began a stalling game, which functioned neatly and netted them some free throws to gain the extra three points to decide the contest in the closing seconds.

This was the third encounter for the two teams this year, with Stover winning the first at Stover, which is thus far, the Bluebirds only defeat, Cole Camp winning the last two, including the championship tilt at the Stover tournament.

Jackie Pung Leading St. Petersburg Women

ST. PETERSBURG, Fla. (AP)—Jackie Pung shot an 8 under par 66 to lead the field by seven strokes in the first round of the St. Petersburg Women's Open golf tournament.

Mrs. Pung could do no wrong yesterday. Not only was it Mrs. Pung's best competitive round of golf. It also was the third lowest ever shot in LPGA play.

Seven strokes behind was Betsy Rawls with a 73 which was a stroke better than Louise Suggs and Patty Berg.

Mrs. Pung still is trying to cash a first prize check in the winter tournament tour. She threatened strongly in the Havana Open, in which she came in second.

The 72-hole tournament ends Sunday.

Match Play Begins In Baseball Golf Meet

MIAMI, Fla. (AP)—Favored Alvin Dark, shortstop for the St. Louis Cardinals, teed off against Ray Boone of the Detroit Tigers today as match play began in the 18th annual National Baseball Players golf tournament.

Dark, three times winner of the event and defending champion, qualified yesterday with an 82 to tie for second place with Darrell Johnson of the New York Yankees. Boone fired a 92.

Al Lopez of the Chicago White Sox and Albie Pearson of the Washington Senators led the active major league division of the journey with qualifying scores of 81.

KC University Puts Lid on Kansas Team

KANSAS CITY (AP)—Kansas City University put the lid on Sterling's ace scorer last night and defeated the Kansas basketball team 57-49.

Sterling's Ron Stanton was held to six points, compared to the 22 he made earlier this season against KCU.

Tosses Owner Around

LOS ANGELES (AP)—Charles Foidart, Belgium concert artist, here to play a recital, says he always carries a tube of glue to keep his \$65,000 Stradivarius viola from coming apart at the seams.

Whiteman Boxing Team Enters Competition—Whiteman's boxing team will enter Western Division tournament to be held February 15 through 19 at Whiteman, with entries in five weight divisions. Kneeling, Don Reed, 139 lbs., Jimmy Foshee, 139 lbs., and Willie Sutton, 119 lbs.

At Whiteman Saturday Night

Six Bases Seek 8th Air Force's Western Division Boxing Crown

Whiteman will host 40 boxers from six bases who will be participating in the Western Division of the Eighth Air Force boxing tournament, February 15 through 19.

Teams from Lockbourne AFB, Ohio; Lincoln AFB, Neb.; Bunker Hill AFB, Ind.; Offutt AFB, Neb.; and Schilling AFB, Kan., will converge on Whiteman to compete for the chance to advance to the Eighth Air Force tournament at Lockbourne later this month.

Whiteman boxers are scheduled to participate in five of the ten weight classifications. Don Finely and Wesley Burks will fight in the light heavyweight class, Albert Peabworth, Melvin Pearson, and Caesar Cano are middleweight contenders, Jimmy Foshee, Don Reed, Willie Hawthorne and Melvin Spearman in the welterweight class, and Dan Martinez, featherweight, and Willie Sutton, bantamweight.

Airman First Class Ted Dowdy, coach and trainer of the Whiteman squad indicates that only four of his boxers have had any previous experience and six of them will be facing their initial test in the ring.

Wesley Burks and Don Reed are expected to carry Whiteman's hopes for the representation in the tournament.

Burks is a light heavyweight who has won 36 bouts and lost only three. He is the former 175 lb. champion of Francis E. Warren Air Force Base, Wyo., and has performed in the Cleveland Ohio Golden Gloves.

Reed had 53 bouts and lost only 17. His record includes winning the 112 lb. Silver Gloves championship in 1952, 112 lb. AAU Champ in 52, and 118 lb. Golden Gloves in 1954, in Cincinnati, Ohio.

Winners at Whiteman will advance to the Eighth Air Force tournament at Lockbourne Air Force Base, Ohio, later in February. The public is invited to attend the Western Conference matches to be held at the Whiteman Gymnasium beginning 7:30 p. m., Saturday February 15, 1958.

Social Security Plan Gives Old-Age Income

By Thomas F. Nash
District Manager

Yesterday in this column I called attention to a statement, recently made, that "most people" have the false idea that social security is a great big bonanza. I agreed it was a false idea all right, but I did not agree that most people had the idea. Then I proceeded to discuss how one phase of our U.S. social security system provides the family with insurance against the catastrophe of the death of the breadwinner.

Today, I'd like for you to look into the old-age insurance side of this social security program with me.

Remember that our social security system in this country is based on the principle of insurance against lost earnings.

Now, first of all, let's recognize that people who reached retirement age — with consequent loss of income — in the early years of this program, or within a few years after their particular kind of work was covered, are certainly receiving a lot more in benefits than they paid in taxes. But they've suffered precisely the same kind of income loss that will be encountered by those who retire after a full lifetime of work — and paying of taxes — under the program.

That problem has been faced by every retirement system — public or private — ever set up: you have to start somewhere. The solution taken by industry has been for the employer to assume the cost of paying benefits to the workers who were already near retirement age when the pension system was put into effect. Management reasons that those people have made a lifetime of contribution to the firm and that in effect they have earned retirement the same as if they had been paying their part of the retirement premium all along. The only alternative would be to turn a whole generation of workers off without pensions until those came along who had paid "their share" in cash, or to pay a bare pittance related to contributions made over a short period.

Our Congress, in setting up this old-age insurance program, faced the same problem. Just as industry has often done, they resolved it by deciding that the older worker who has spent his life building the magnificent economic prosperity which our nation enjoys today should have a reasonable retirement income, even though the mechanics of providing that income were set up too late for him to pay for a substantial part of it.

It is this decision, and the principle which lies behind it, which has enabled an aged factory worker and his wife to start getting full-rate benefits in 1937, when his total tax contributions over the last 21 years have been only a few hundred dollars.

It is the same principle which has made it possible for a self-employed farmer, who by law was not able to participate in the program until 1955, to receive full-rate benefits for himself and his wife. Congress determined that farmers retiring now should not be denied an adequate retirement income merely because they were unable to start contributing toward its cost earlier.

The law provides that such a person may qualify for benefits based on his level of earnings in the years that he has been covered by social security and has had opportunity to pay the taxes.

The group who will receive these early benefits, while large numerically, is relatively small in comparison to the entire number

Fred Kellners To Soon Make Their Home in Smithton

By Mrs. Ray Mathews

SMITHTON — Mr. and Mrs. Fred Kellner, Sedalia, have rented the house belonging to Mrs. Ruth Knox and will move soon.

Mr. and Mrs. Antonne Beck and son, Ottaville visited Sunday at the home of Mr. and Mrs. Jess Romig.

Mrs. Shelby Kahrs substituted for Mrs. Bessie Demand, the fourth grade teacher, Monday and Tuesday.

The WSCS met Thursday at the Methodist Church.

Mr. and Mrs. W. J. Kroge, Kansas City, spent the weekend at the home of her sister and family, Mr. and Mrs. Earl Shroat.

Mr. and Mrs. Earl Shroat and Mrs. Bell Hawkins visited Mrs. Hawkins' brother, James McMullen at California, Sunday evening. Maggie Hatfield, Independence,

recently visited her brother, Earl Shroat.

A. F. Neumeyer who has been confined to his home for several months was able to be on Main Street Tuesday.

Mrs. Ernest Woolery and sons, and Mr. and Mrs. Jess Romig were supper guests of Mr. and Mrs. Kenneth Romig, Fortuna, on Wednesday.

A brief vacation was enjoyed by the pupils of Smithton School Tuesday afternoon and Wednesday due to heating problems.

Ohio Sheriff Shot In Scout Accident

PORTSMOUTH, Ohio (AP) — Doctors have termed Scioto County (Ohio) Sheriff Burl E. Justice's condition "critical."

Justice was accidentally shot just below the heart yesterday by a Boy Scout. The boy was examining the sheriff's .32-caliber revolver, which he thought was unloaded.

He was one of three Scouts visiting the county jail here.

Allan Jones Sued

HOLLYWOOD (P) — Newly remarried actor Allan Jones was sued for back alimony yesterday by actress Irene Hervey.
She alleged he is \$1,350 in arrears on \$3,000 due since they signed a financial settlement Dec. 26. It allotted her \$1,500 a month for life unless she remarries.
The actress divorced Jones Dec. 27. The same day he married Mrs. Mary Florsheim Packing, shoe fortune heiress.

Need Another Motor Added For Moon Try

PASADENA, Calif. (P)—Put one more rocket motor on the Jupiter-C missile that launched the American satellite and you could reach the moon.

Scientists who designed Explorer I disclosed this yesterday at a news conference called to report on the satellite's progress through the heavens.
California Institute of Technology's jet propulsion laboratory has formally asked Defense Department permission to try to circle the moon with some future satellite.

There is no thought at the moment, scientists said, of trying this with Explorer II, the second U.S. satellite now being rushed to completion at the jet lab.
To reach the moon, a fifth rocket stage would be added to the four stages if the Jupiter-C. This stage, however, would be added to the nose of the missile, not the base.

Dr. Henry Richter and other scientists at the news conference said Explorer I is performing as they expected it would. Radioed information indicates that a human could live in a satellite. "Room temperature" is being maintained inside the satellite and measuring devices indicate no great peril from cosmic rays or small meteorites in space.

A radio receiver, which Explorer I does not have, is being installed in Explorer II at the jet lab.

"By means of this receiver we can tell Explorer II when to broadcast to us," Richter said. "A tape recorder in the satellite will save up information gathered while the satellite is farthest away from earth and send it to us, on command, when the satellite is nearest the earth."

Blair Gives Rotarians Sharp-Tongue Lecture On Responsibilities

ST. LOUIS (P)—Gov. James T. Blair gave St. Louis Rotarians a sharp-tongued lecture yesterday on their responsibilities as citizens.

The governor also told the civic club the state's next budget will be much larger than the record \$34 million dollar budget proposal now under consideration.
"Our government can be the kind it ought to be if you take the time and trouble to interest yourself in it," Blair said.

The governor invited questions on his 1958-59 budget proposals. There were none. "I see you are well informed," the governor observed.
Blair asked for a show of hands on how many Rotarians had discussed any problem with their state representative or any state official during the past year, and after counting hands said:
"That's 14 out of 400. That's a hell of a percentage, and I guess that's about the result you will get."

Blair said he was not transmitting all the time, its batteries will last longer.
command, when the satellite is nearest the earth."

Sunday School Lesson Notes:

By WILLIAM E. GILROY, D.D.

Clergymen of all denominations are known as "ministers of the Gospel." A vital question is, how effective is that ministry?

Man's salvation is the most important thing about him, and the salvation of society, whether it be in the local community, in the nation, or in the world, is the most important thing concerning mankind.

If there be a Gospel, a true and vital message concerning salvation, it would follow that the min-

istry of that Gospel is the most important thing in the world, and the minister of the Gospel has a most distinctive place and responsibility.

In the days when labor was still very much the underdog, my ministry was in an industrial community and I was doing what I could to further the rights of labor. At a labor meeting to which I had been invited to speak a worker of what we would call today the "extreme left" challenged my right to be there on the ground that as a minister I was not a productive member of society.

I was in a mood for heckling the heckler, so I asked him what he was doing. After a lot of dodging he finally said he was "making bolts and things."

I pointed out that the value of bolts and things to society depended very much on the use to which they were put. An immense amount of "work" is unproductive, or may actually be destructive so far as any benefit to mankind is concerned.

It is, of course, true that "the farmer feeds them all" and that daily productive work is at the basis of living. But that is the basis upon which the meaning of life and its true values is built. The minister, the writer, the educator, the artist, though not working with their hands or with machines, may nonetheless be, and are, important and essential members of society.

So, I defended my ministry, believing, as I think most of those to whom I was speaking believed, I was making a real contribution to my community. And so, I would defend every ministry that is making its contribution.

I cannot conceive of any worthy ministry that is not valuable, but it may not be distinctively a ministry of the Gospel. I think it must be obvious that a great part of ministerial activity today is only indirectly concerned with the Gospel.

Outstanding and sensational evangelistic campaigns like that of Billy Graham, though they are a product of the churches and fostered by the churches, in their very exceptional nature emphasize to some extent the lack of evangelism in the normal life of the church.

That normal life may, in fact, be more evangelistic than appears, and there is an evangelism of the environment that may be as effective, or even more so, than the special campaigns. To instill in the young the Gospel message and to keep them from falling less spectacular than to save them after they have fallen and it does not make for headlines and statistics.

But the effectiveness of the ministry of the Gospel is in the reality of the Gospel it preaches, the message of the saving grace of God, and the persistence and power with which the message is proclaimed, in life and deeds as well as in words.

St. Paul's Lutherans Set Lenten Services

"Living in the Shadow of the Cross" will be the sermon topic at St. Paul's Lutheran Church Sunday morning in the 8 and 10:30 services.

The final training meeting of the canvassers for the every-member visitation on evangelism will be conducted at 2 p.m. Sunday.

Mid-week Lenten services will begin next Wednesday evening. Services will be conducted at 6:30 and 8 p.m. The general theme of the Lenten sermons this year will be: "He Carried Our Sorrows." The topic next Wednesday will be: "Sorrowful Unto Death in Gethsemane."

Georgetown Methodist Holds Preaching Study

A preaching mission will be held at the Georgetown Methodist Church beginning Sunday, Feb. 16, and ending Friday, Feb. 21.

The following preachers will serve: Dr. Elmer L. Hobbs, Dr. Walter D. Niles, Dr. Robert Lehigh, Rev. Lloyd D. Wasson, and the Rev. E. F. Dillon. The Rev. Carl Opp is pastor. Mrs. Donald Lewis will be at the piano, and the Junior and Chapel choirs will furnish special music.

DISTRICT MANAGER WANTED

in SEDALIA by the World's Financially Strongest Fraternal Benefit Society. Man selected will be placed in a position where he should earn, \$7,000 to \$9,000 annually with our proven successful plan. Security for qualified man includes Free Hospitalization and Major Medical Expense for himself and family; Free Life Insurance and Disability up to \$20,000; one of the finest retirement programs with up to five times his own participation at 65 or earlier; Liberal Monthly Drawing Account while in training. Interested parties must be financially responsible, have good credit rating, be well known locally and have business background. For immediate personal interview, write P.O. Box 261, Columbia, Missouri, giving name, age, address and phone number.

Ike Hopes For Warmer Weather To Play Golf

THOMASVILLE, Ga. (AP)—Vacationing President Eisenhower, greeted by this south Georgia area's first ground-covering snow in 46 years, hoped for warmer weather today and a chance at quail hunting or golf.

The President found the temperature 34 degrees when he arrived by plane from Washington yesterday afternoon. Accompanied by Mrs. Eisenhower, he plans up to 10 days of rest with headquarters at Milestone, the plantation home of former Secretary of the Treasury George M. Humphrey and his wife.

Eisenhower still is trying to get rid of the cold which he caught early this month during a weekend visit to Augusta, Ga. His throat still is slightly sore and his voice a bit husky. His physician had hoped this trip South would do the President a lot of good right from the start.

But the cold caused Eisenhower to turn for the time being from quail shooting and golf to bridge playing beside the fire.

With the President and the First Lady and the Humphreys at the plantation are William E. Robinson of New York, president of the Coca Cola Co., and Ellis D. Slater of New York, former board chairman of Frankfort Distilleries, and Mrs. Slater.

This is the Eisenhower's fifth February visit to the Humphrey plantation in as many years. Humphrey retired from the President's Cabinet last year and now is board chairman of the National Steel Co., with headquarters at Cleveland.

Federated Church Sets World Day of Prayer

The annual World Day of Prayer service will be held at the Federated Church, Sixth and Osage, on the first Friday in Lent, Feb. 21, at 2 p.m.

The service this year, written by Australian Christians, is a prayer for the missions program, with its theme, "Bread of Life."

Gifts made on this day benefit interdenominational work in home fields for the Indian American ministry, low-income farm families, and the migrant ministry on the international field for Christian Home and Family Life, and for Education for Christian Leadership, in the Near East, Japan, Burma, Korea, Philippines, and Indonesia.

Plans for the day were made by the chairman, Mrs. Walter D. Niles, and the co-chairman, Mrs. Frank Coffman, under the direction of Mrs. Fred Rose, president of the United Church Women of Sedalia.

New Minister Arrives To Begin Services

The Rev. Carl Earl Rea recently arrived in Sedalia from Springfield, and plans to conduct Baptist services in his home at 2409 North Woodlawn each Tuesday beginning at 7:30 p.m. The services are being conducted with the intention of organizing an independent and fundamental Baptist Church in Sedalia. The Rev. Rea said the church would be affiliated with the Baptist Bible Fellowship. He has invited members of all faiths to attend the services.

The Rev. Rea is a graduate of the Baptist Bible College in Springfield. He was accompanied to Sedalia by his wife, Marilyn Sue, and son, Eddie, 16 months.

Indiscriminate Giving Topic by Rev. Reifel

The sermon topic at the Federated Church Sunday (World Missions Sunday) will be "Indiscriminate Giving," given by the Rev. Leonard Reifel. Pilgrim Fellowship will be held at 6 p.m., with the election of officers for the coming year. Clifford Banks will be in charge of recreation, and George Owens, will be the devotional leader.

Bible study will be held Monday at 7:30 p.m. at the Manse, 814 West Fifth. "Letter to the Ephesians" will be the subject for study. At 7 p.m. Monday, Boy Scout Troop 51 will meet at the church.

The Board of Deacons and Elders will meet at 7 p.m. Feb. 19. Choir rehearsal will be held Wednesday at 7:30 p.m.

Crumbly Cliff Defeats Try To Save Boy

SAN BERNARDINO, Calif. (AP)—An expert mountain climber finally got down to a ledge where a boy lay by a waterfall, grotesquely twisted and still.

"Negative," the climber yelled to the men 300 feet above. They knew then that the crumbly cliff had defeated them. Young Donald Burns was dead.

A day earlier, the 13-year-old eighth-grader from nearby Colton was walking along the top of the cliff on towering Mt. San Geronimo. He and a schoolmate, part of a hiking party, had climbed from a snowy canyon to look from the top of a falls that tumbles 700 feet down in two steps.

Donald slipped on a path, went over the side. He landed on a small ledge about 100 feet down, but the water pushed him off and he fell another 200 feet to the ledge that forms a step in the middle of the waterfall.

The boy stayed there in falling snow that evening, crying out and waving intermittently. Another wave told would-be rescuers he was still alive yesterday morning.

But, because of a lack of rope and solid footing, nobody could get to him until John Mathews of the Sierra Madre search and rescue team made it down to the ledge on a rope.

The boy's parents, Mr. and Mrs. O. T. Burns, had been at the scene since early morning. Sheriff Frank Bland of San Bernardino county walked over to the mother and told her the boy was dead.

"Oh, no!" she cried. "Oh God! Don't let it be true." She broke down and began striking the seat of the car in which she was sitting. Then, after a minute, she sat up, sobbing quietly. Her husband tried to comfort her.

For the two dozen men involved in the rescue attempt, it had been 24 hours of frustration.

Sheriff's officers and others tried to reach the boy Wednesday evening from the top of the cliff. They didn't have enough rope and could find nothing solid to drive stakes into. Nighttime fog also hampered them. A five-man rescue team arrived from Norton Air Force Base at 2 a. m. and dropped another rope. It wasn't long enough either.

After several more attempts to reach the ledge from both the bottom and top failed, a helicopter was flown in. Turbulence kept it from getting close to the ledge.

Junk Dealer Dies, Leaving \$300,000

DXON, Ill. (AP)—A junk dealer who lived as a recluse died yesterday en route to a hospital in a police car he had called, saying he was unable to afford an ambulance.

Authorities later learned that Morris Adams, 56, who wore ragged clothes, owned an estimated \$300,000 in real estate. Adams had been suffering from a heart condition.

Police said a search of his junk-littered home disclosed \$500 in currency and \$1,100 in checks. The Lee County treasurer's office said Adams owned about \$300,000 worth of real estate, including a 560-acre farm in the Dixon area. His only known survivor is a sister, Mrs. Albert Bellars of nearby Sterling.

Students Take Hand in Talks On Teenagers

KANSAS CITY (AP)—The 51 members of the student council at Northeast Junior High School arranged a parley to demonstrate not all teen-agers are punks and before it was over yesterday about 1,200 of the 1,525 pupils were sitting in.

Northeast Junior High and Northeast High, nearby, have been a focal point of recent rowdiness in the Kansas City schools.

Two boys were arrested for assaults on two women who operate a bookstore and soft drink stand in the neighborhood. The Kansas City Public Service Co. charged youngsters inflicted about \$25,000 worth of damage on its transit buses as they rode to and from the schools.

The student council arranged a conference with two reporters who have been doing a citywide survey of the trouble for the Kansas City Star. Other student groups got the word and asked to be heard. William England, the principal, issued a blanket invitation. The youngsters made these points:

1. They recently chipped in and paid the funeral expenses for the indigent father of a pupil.
2. They help a blind woman near the school with her house cleaning each spring.
3. A high percentage of pupils make the honor roll.
4. More than 800 belong to the Gold Key Club, pledged to good citizenship.

Principal England concluded: "We have a pretty fine bunch of youngsters over here. They were feeling any charges of so-called punk behavior reflected on all of them. They were taking it personally and they were defending themselves."

Uses Wrong Approach In Extortion Attempt

DETROIT (AP)—This amateur extortionist didn't do enough basic research before he taped notes to two separate doors in a Detroit apartment building.

One note said: "If you don't leave \$50 taped to the wall leading to the roof by Thursday, I will tell your wife you are fooling around with another woman."

The second asked for \$20 on the wall or "I'll tell your wife you are fooling around with Mary." Police said the tenant of one apartment is an unmarried woman. The tenant in the other is a bachelor.

Helen Twelvetrees Died in AF Hospital

HARRISBURG, Pa. (AP)—Helen Twelvetrees, movie star of the 1930s and 40s, died yesterday in an Air Force hospital.

Miss Twelvetrees, married to Air Force Capt. Conrad Payne, was stricken at her home in suburban Harrisburg and rushed to the Olmsted Air-Force Base hospital in nearby Middletown, where she died. Her age was given as about 50. Capt. Payne is assigned to Olmsted.

Cause of death was not disclosed.

Pensioner Given Jail For Wedding Child

ROLLA, Mo. (AP)—A hill country old age pensioner who wanted a housekeeper has been given a jail term for marrying a 12-year-old girl.

James Harris, 67, was sentenced yesterday in Magistrate's Court to six months in jail for conspiring to falsify a marriage license in which Patsy Ellwood's age was listed as 18. He pleaded guilty.

Mr. and Mrs. Thomas Ellwood of Belle, Mo., parents of the child and present when the license was issued, face trial on the same charge next Wednesday. Under Missouri law, a girl cannot marry until she is 15 and must have parental consent if under 18.

Patsy, a seventh-grader, has been made a ward of the state and is in a foster home. The Jan. 8 marriage has been annulled. Mrs. Ellwood, who is about 35 and has four younger children, defended the marriage. She said she married "an old man" herself and it worked out fine.

Churches Join Hands In Brotherhood Week

PHILADELPHIA (AP)—The main chapel of Trinity Methodist Church was wrecked by fire Wednesday night. The neighboring Oxford Circle Jewish Community Center offered its building for regular weekly services and Sunday school classes.

Rabbi Paul Teicher of another nearby synagogue, recently discharged from the Air Force, contracted a Catholic naval chaplain and obtained a portable field organ from the Navy for use by Trinity Methodist. The synagogues have no organ.

This is Brotherhood Week in Philadelphia.

Democrats Work On Anti-Recession Plan

Review Any Possibilities Of Tax Cuts

Proposals Sought to Ease Credit, Multiply Public Work Project

WASHINGTON, Feb. 13—(AP)—Democratic leaders in Congress went to work on a 10-point anti-recession program today and also planned to review the possibilities of a tax cut this year.

Sen. Johnson of Texas, the party's chief in the Senate, has asked the chairman of six key committees there to come up quickly with legislative proposals aimed at relaxing credit, multiplying public works projects and generally creating more jobs.

House Speaker Rayburn (D-Tex.) disclosed the plan to have another look at the tax structure in the light of Tuesday's report that almost 4½ million Americans are unemployed.

Rayburn told a news conference the Democratic leaders would review the situation and see where a tax cut, if there is one, will do the most good, and determine whether the budget will stand it.

One measure advocated by Johnson is a post office construction bill. President Eisenhower proposed a two-billion-dollar modernization program for the postal service earlier in the week. It would be financed mostly by private capital, with the government contributing 175 million a year for three to five years if Congress approves a five-cent rate for intercity first-class mail.

Sen. McNamara (D-Mich.) attacked the Eisenhower plan today as "a crude attempt to blackmail Congress."

"This so-called public works program," he said, "has the outward appearance of a forthright administration step to combat the recession but it is loaded with booby traps."

"This mirage of a public works program is divided into two parts. Part one commits the government to spend the princely sum of 175 million dollars a year," he went on.

"Giving this modernization program an anticrecession coloration is simply a crude effort to blackmail the Congress into raising postal rates on first-class mail."

The second part of the program, involving private capitalization, "is grossly inadequate to fight the recession," McNamara continued.

"The Summerfield-White House method is simply political trickery," he said. Postmaster General Summerfield, a Michigan Republican, presented the plan to the Senate Post Office Committee Wednesday.

Young Girl Dies In Garage-Home Fire

JEFFERSON CITY (AP)—A 2½ year old girl died yesterday as fire consumed the double car garage that served as her home.

The victim was Sharon Jean Goss, daughter of Mr. and Mrs. James Goss. The family had converted the garage, two miles outside of Jefferson City, into a home.

Goss was at work at the state sanitarium at Fulton. Mrs. Goss was hospitalized for shock.

Cause of the fire was not determined immediately.

Could Be Fired From Underground

Britain Said to Have New Medium Wonder Missile

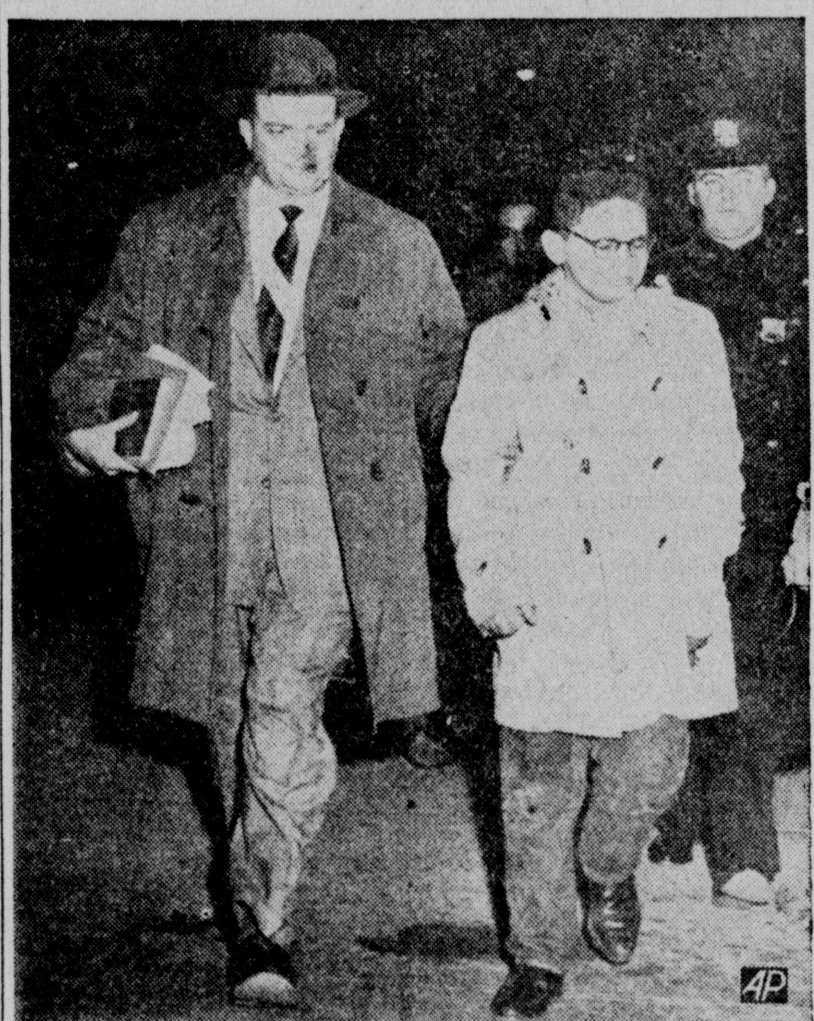

LONDON, Feb. 13—(AP)—Britain announced today its scientists are rushing work on a new wonder missile of medium range that can be fired with a nuclear war load from underground bases. The weapon was billed as superior to those in the U. S. arsenal.

The announcement also disclosed that British air fleets are being equipped with hydrogen bombs made in Britain.

These were the salient points of a government White Paper prepared by Defense Minister Duncan Sandys. It constituted an interim report on a five-year program initiated last year to streamline the defense forces for the nuclear-missile age.

In blunt language the White Paper warned the Kremlin that any Soviet aggression would force the West to hit back with strategic nuclear weapons from bases which will dominate every target of importance in the Soviet Union.

It declared there was "no military reason why a world conflagration should not be prevented for

ADMITS KILLING YOUNGSTER—Francis Michael Medaille, 15, walks with a detective in New York after admitting he lured seven-year-old Kathleen Hegmann to the roof of a Bronx building and hurled her to death 12 floor below. Police quoted him as saying: "I don't know why I did it." (AP Wirephoto).

Door Open for Mediation by US

Tunisians Would Fight for Bizerte

TUNIS, Feb. 13—(AP)—President Habib Bourguiba declared today, "We are ready to make war for Bizerte." But he held open the door to mediation by the United States of Tunisia's quarrel with France.

The President also suggested in a broadcast to his tense nation that, while he is determined 15,000 French troops stationed in Tunisia must go, the big French naval base at Bizerte might still be used by the North Atlantic Treaty powers.

That base and French army garrisons are blockaded. Jittery Tunisian civilians and national guardsmen, patrolling with light arms, manned roadblocks to prevent the movement of French troops. They threatened to fire on any French ships attempting to enter or leave Bizerte.

Bourguiba's blue eyes flashed as he spoke on his sixth day of a crisis brought on by a French air raid on the frontier village of Sakiet Sidi Youssef.

Tunisia put the toll at 68 men, women and children killed, 84 wounded and 10 not accounted for. The French said the raid was to punish Algerian rebels who had fired on French planes from their border hideouts in Tunisia. But several diplomats, including U. S. Ambassador G. Lewis Jones, are reported to have confirmed that there were heavy civilian casualties.

Using international reaction to Bourguiba's blue eyes flashed once again to force withdrawal of French troops who remained in the country when France recognized Tunisian independence nearly two years ago.

"We are ready to go to war if French ships force their way into or out of Bizerte," he declared in his broadcast.

"Today I am president of the republic, but if it is necessary, I would be the first to take to the

14-Year-Old Boy Dies On Icy Mountain Ledge

SAN BERNARDINO, Calif., Feb. 13—(AP)—Sheriff Frank Bland radioed his office that a 14-year-old boy died on an icy mountain ledge today while a crack mountain-climbing team made a desperate effort to reach him.

Teams of sheriff's deputies and Air Force men tried in vain to save the boy, Donald Burns of nearby Colton. Bland said rescuers were working to bring the body to the top of the canyon wall.

Young Burns slipped while hiking on a ledge 300 to 400 feet down the wall.

Telephone Co. Hosts 3,000 Young Pupils

Students See New, Oldtime Equipment Shown by Guides

A total of 3,000 school children from the fourth grade up will go through the new Southwestern Bell Telephone building Wednesday, Thursday and Friday between the hours of 9 a.m. and 2:30 p.m.

These children will be from all of the elementary public schools in Sedalia, Sacred Heart grade and high school, Camp Branch, Liberty, Anderson, Sunnyside, the science class from Smith-Cotton, Georgetown and Hughesville grade and high school. The Hughesville superintendent, Paul Vannatta, offered to have the Hughesville bus stop by to give transportation, also, for the children of Georgetown school. Parents of children at rural schools will furnish transportation in cars.

Chief of Police Edgar Neighbors has arranged for parking space for the buses as they wait for the youngsters to go through the building.

The timing for the tours through the building which started Wednesday morning has been almost perfect. A bus load of children from Sedalia schools will be brought to the building about a hundred at a time. They will be divided into groups of about 25 and the first group taken through the building while the second group hears all about the telephone.

The telephone employees explain things in simple language, as the first young woman tells how their parents go in the business office and ask to have a telephone put in, about the men who climb the poles, the operators on the switchboard, the test board man who is the doctor of the company, and the big machines they start to work every time they dial.

Boys and girls in grays and blues, reds and yellows, and even Boy Scout uniforms listen intently as each person tells his part in making a telephone work.

With a guide, each group is taken through the building to the test board, where they are told of the repair service and shown how the records are kept; the teletype machine which tests all lines and how they are graded on their work by something like a grade card at school.

Then on they go, and a view of the great machines and their massive web of wires.

"Oh, boy," a boy exclaims, "the machines!"

Here the automatic message machine is explained where it records on perforated tape that has all the information of the long distance call; the maintenance center which sometimes detects something wrong with a telephone before the subscriber is aware of it; the main distribution frame where all the wires come into the building.

The cable is explained, how it goes underground, and from there (Please turn to page 4, column 3)

Four Die as Gallon Of Kerosene Thrown In Stove Explodes

HOLLIS, Okla., Feb. 13—(AP)—A father who tried to increase a fire in a pot-bellied stove tonight accidentally set off an explosion and blaze that killed four members of a farm family, Sheriff Q. D. Jackson reported.

Jackson said the father attempted to pour a gallon of kerosene into the stove. Temperatures outside were below freezing.

Radio Dispatcher Howard Sampier of the Hollis police force said three bodies had been recovered from the ruins of the house six miles southeast of this southwestern Oklahoma town.

Three other members of the family were burned, two seriously. Two young boys escaped unhurt.

Sampier identified the dead as Mrs. Viola Sanders, 28, her daughter, Billie Ann, 5, and two sons, Carroll, 3, and Dwight Eugene, 14 months.

The father, Nathaniel suffered hand burns. Shirley, 6, and Alfred Wayne, 4, were in serious condition. The children who escaped are Nathan, 8, and Charles, 9. Sampier said an inquest will be held.

Legislative Battle Is Seen On Highway Patrol's Power

International Speaker

Sedalia Lions Have Anniversary Dinner

The Sedalia Lions Club observed its 20th anniversary Wednesday night with a dinner meeting at the Smith-Cotton High School cafeteria, at which Lions International First Vice President Dudley L. Simms was the principal speaker.

The speaker used "Lionism" as his subject.

More than 300 Sedalia and visiting Lions from throughout Missouri with their wives were in attendance at the gathering. Thirty Clubs were represented and delegations from one to 14 persons answered the roll call by Dr. Harry Goddard, Kennett, who introduced the visiting guests and celebrities.

One of the highlights of the meeting was the presentation by Toastmaster John Ellison to Duane Ewing, 20-year Charter Monarch, a Charter Monarch Chevron and an International certificate. Ewing is the only charter member of the Sedalia club who is still a member of Lions in Sedalia.

The Sedalia Men's Choral Club was guest of the Lions at the

dinner and gave a half-hour concert, singing several numbers, one of which was dedicated to the International Vice-President.

President A. B. Warren called the meeting to order. Al Domingue, song leader of the Lions Club, led the singing of "America," Kenneth A. Buchholz, a past president of the Sedalia club, led the Pledge of Allegiance, with the invocation being given by the Rev. Harry Purviance, club chaplain.

Presentation of the Colors was given by Ernie Hyatt, of Cub Pack 65, Larry Anthes, Scout of Troop 69, and Eddie Newland, Explorer Scout of Troop 150.

Two visiting District Governors were present, Jule Stevens, Stover, and Carl G. Munger, Savannah, Mo.

Eleven International Counsellors from Missouri were in attendance, including two from the Sedalia club, D. Kelly Scruton and E. B. Smith, all of whom were introduced.

The following Lions clubs were (Please turn to page 4, column 3)

Next July

Sedalia Retail Merchants To Repeat Sidewalk Bazaar

The Sidewalk Bazaar, which was held for the first time last summer and was perhaps the most successful of any promotions held by the retail merchants in Sedalia, will be held again this year on Monday and Tuesday, July 28 and 29. The date was set at a general meeting of retail merchants held Thursday morning in the assembly room of the courthouse.

The meeting was presided over by William Solon, director of the retail merchants division of the Chamber of Commerce, and the recommendation of the committees of which Bob Wall is the general chairman, for one promotion day a month, was adopted by the group of merchants present. These days, in addition to the Sidewalk Bazaar in July, will be in the form of Dollar Days, Appreciation Day and Fall Festival.

The merchants also voted to continue the same store hours of 9 a. m. to 5 p. m. Monday through Thursday; 9 a. m. to 8:30 p. m. on Fridays and 9 a. m. to 5 p. m. on Saturdays.

Days on which the merchants decided to close all day will be: Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas and New Year's Day. They will also close for a half day on Thursday during the Missouri State Fair.

The Courtesy Award Program will be continued this year but in a different manner. There will be four awards given during the year, one in February, one in May, one in August and one in November. The awards will be given by the various civic clubs and the presentations will be made at the civic club meetings.

Solon called upon Cline Cain, the chairman of the Christmas decorations committee, who told of the need for a different type of decoration now that the downtown section has a new lighting system.

There are 83 new standards, he told the group, in addition to the old lights on Lamine and Osage. Although Christmas is a long way away, he asked the merchants to consider what type of decoration they would like to have and how much they would be willing to spend on it. The poles, he said, have been made with outlets for Christmas decorations. Cain gave a few suggestions and asked the group to be prepared with some ideas to be discussed later.

Solon then called on Jack Faber, executive-manager of the Chamber of Commerce, who spoke briefly on industrial prospects and the need for community participation in providing funds for buildings. Industry today, he said, in

2 Women Die as Train Hits Car at Crossing

ST. LOUIS, Feb. 13—(AP)—Two St. Louis County women were killed in the collision of a Missouri Pacific passenger train with their car at a crossing in suburban Oakland.

The victims were identified by police as Mrs. Eal G. Batz, 47, of Webster Groves, wife of an advertising company executive; and Mrs. Robert J. Puff, 50, of Kirkwood, wife of the assistant general freight agent of the Gulf Mobile & Ohio Railroad.

The car was struck by the train, the Colorado Eagle, at the Berry Road crossing near Westborough Country Club.

Blair Recommends Power Of Search, Seizure Given

JEFFERSON CITY, Feb. 13—(AP)—Missouri legislators finished the second week of their special session today with a red hot controversy in the making.

County sheriffs were reported keeping their radio network busy and defense lawyers in the Legislature began seeking votes to kill one of Gov. James T. Blair's recommendations—to give the power of search and seizure to the Highway Patrol, the same as other peace officers.

One of the lawyer senators—active in past efforts to cut the patrol's power—offered to bet the governor's proposal wouldn't get to first base.

Col. Hugh H. Waggoner, superintendent of the patrol, said he was aware of what was going on. He said he understood the sheriffs had been using their radios all day, urging other law enforcement officers to join in putting pressure on senators and representatives against the governor's bill.

"Even a town marshal has the power of search and seizure," Waggoner said, "but we don't. If we're going to do a job of law enforcement, even in handling traffic on the road, we've got to have it."

"It's getting to be a critical thing because we're curtailed as to how far we can go."

"These defense lawyers want to turn all these things free. It's a shame the people don't know the facts."

Recently, Waggoner said, St. Louis County magistrates have been dismissing overweight truck cases on the grounds the patrol doesn't have the power to "seize" a truck and order it off the highway. He said only one magistrate in the county is still hearing overweight truck cases brought in by the patrol.

"This is a serious problem affecting the state's highways and it's going to get worse," Waggoner said. "We've been challenged in St. Louis County and soon we won't be able to enforce the weight laws anywhere in the state. This thing will spread."

Another problem arises, he said, in the patrol's inability to stop cars and search for TV sets, blankets, sheets and other things stolen from motels by travelers.

"Every day we get calls from motels," he said, "asking us to stop such and such a car, with such and such a license number. We just have to tell them we can not do it because we have no right to stop and search an automobile without a warrant."

The governor told the Legislature in his special message yesterday it was a mistake that the limitation on search and seizure ever was put into the Highway Patrol law.

He accepted some of the blame himself. He said he was a member of the 1931 House and helped to get the limitation in the law because that was back in prohibition days when no one wanted his car stopped and searched for an illegal bottle.

"It never should have been in there," the governor said, "and it ought to come out."

Monsees Gives Green Light On Soil Payments

COLUMBIA, Feb. 13—(AP)—Dr. C. Monsees, State Agricultural Stabilization and Conservation Committee chairman, today notified county ASC offices to complete agreements with farmers on corn, cotton and rice soil bank programs up to the limits of county allocations previously announced.

Upon instruction from Washington, he told county committees that the contracts will be concluded with farmers who signed before funds were exhausted. Those approved will receive copies of agreements from their county committees. Farmers who failed to get contracts because of the fund shortage will be notified by mail.

Monsees added that if and when funds are available, farmers who failed to get contracts will be given first opportunity to sign agreements. And he urged farmers who have not applied for soil bank funds to get names on county registers before the Feb. 20 deadline so they will become eligible if more money is made available for the program. Monsees said, however, that he has no indication that Congress will make more funds available.

Monsees said that the state ASC was allocated \$17,000,000 for corn soil bank agreements, and that applications exceeded \$23,000,000. Similarly, the \$1,950,000 for cotton farmers compares with \$5,500,000 in applications.

The state committee announced earlier that agreements would be honored on a first come, first served basis.

DISAPPEARING REDSTONE Beaching fire from its tail, the Army Redstone rocket's nose begins to disappear into the dark low hanging clouds as it is given a routine test at the Missile Test Center at Cape Canaveral, Fla. (U. S. Air Force photo via AP Wirephoto)

Who Is He?

Famous St. Louis Brewer
Began His Career as Clerk

By State Historical Society
Of Missouri

Builder of a giant brewing industry and world-famous as a philanthropist, he began his career in America as a shipping clerk in a wholesale commission house on the St. Louis levee. Who was he?

1. Where was his boyhood home?

A. He was born near Mainz, Germany, in 1837, the youngest of 21 children. After attending schools in Mainz, Darmstadt, and Brussels, he worked in a Cologne mercantile house. He came to St. Louis in 1857.

2. How did he get his start in St. Louis?

A. As he ran errands along the river front for his firm, he became known for his excellent judgment of brewers' consignments. After inheriting a modest patrimony in 1859, he started his own brewery supply business which was interrupted during the Civil War by his 14 months' service as a corporal in the Union Army. In 1861 he married Lily Anheuser, whose father was operating the small Bavarian Brewery in St. Louis. He became a partner in the brewery in 1865.

3. How did he expand the brewery?

A. He obtained a loan of \$50,000 from Robert A. Barnes, president of the Bank of the State of Missouri, after other bankers refused him on the grounds that he had furnished his office extravagantly, putting carpets on the floor and substituting brass spittoons for the sawdust-filled wooden boxes customarily used. He established branches of the business in the South and West. Within eight years he increased the annual output from 6,000 to 27,000 barrels of beer and by 1913 to 1,600,000 barrels. Incorporated as E. Anheuser and Company in 1873, the present name of the business was adopted when he became president after Anheuser's death in 1880.

4. What were some of the factors in his success?

A. When asked the secret of his business, he said, "I was willing to work double the time I was paid for." He was the first brewer to erect ice plants and make use of refrigerator cars and the first to manufacture bottled beer by pasteurizing. He owned one of the largest bottle factories in the world and mines and a small railroad in Illinois. He built the Manufacturers' Railway primarily to provide transportation to and from his St. Louis plant. With Carl Conrad, he developed the formula for a lighter beer than had been used in America, making it similar to the beer he found in Budweis, Bohemia. He set aside a benefit fund for his employees whom he promoted on merit.

5. What were his other interests?

A. He introduced the manufacture of Diesel engines in St. Louis. As president of the St. Louis

South Side Bank, owner of hotels in Chicago and Dallas, and a large stockholder in many corporations, his interests were varied. A valuable art collection was housed in his 20-room St. Louis mansion, and he owned one of the best stables in the country. He also owned houses in California and New York and a castle in Germany named Villa Lily for his wife.

6. For what is he best remembered?

A. His business, which stands as a monument to his industrial genius, is now managed by August A. Busch, Jr., his grandson, and ranks first among American brewing industries. He is also remembered for his generous gifts to Washington University, Barnes Hospital, Harvard University, the Louisiana Purchase Exposition, the San Francisco earthquake sufferers, and many other communities and institutions. He was decorated by the German emperor and the duke of Hesse for his philanthropies to the German people. He died at Villa Lily in 1913 and his body was returned to St. Louis where services were held Oct. 25, 1913. Simultaneous funeral services were held in 35 towns where the brewery had branches. He left an estate valued at \$50,000,000.

7. What was his name?

A. Adolphus Busch.

Mrs. S. Wright
Tells of Tour
In Mexico

The American Business Women's Association met at the Hotel Bothwell Tuesday evening with Mrs. Sydney Wright as the speaker.

Mrs. Wright, who visited Mexico on a conducted tour talked on the subject, "Our Mexican Neighbors" and showed many beautiful pictures she had taken on the tour.

She began by telling about Oaxaca, its habits and occupations. Mrs. Wright said that they made many side trips from Mexico City. The primitive and the modern ways were seen by contrast with one field having tractors and in the adjoining field would be oxen and plows. Many goats are used for food in Mexico and also raised for the milk. In one city she said they saw women molding pottery by hand and near by the pottery wheel was used. Many villages were dark and dismal, but, she added, the people were alert salesmen, especially to tourists.

On market day, Mrs. Wright told the group, you could buy almost anything you wanted. Baked goods were sold right out in the open, right along with vegetables and fruit, and the flies were plentiful.

Wood, she said, is so scarce in Mexico that the government has taken over the trees and permission must be obtained to cut them down. Many go to the mountains to get wood, many use charcoal for fuel.

Old churches were seen by the tourists and they were all elaborately decorated, one, they were told, took one hundred years to complete the decorations. The plant life, Mrs. Wright said, is utilized by the people entirely like the guava plant which is used for milk, the fiber for textile, the roots for shampoo and even the plant is used to make fences around the fields.

Mrs. Wright went on to say that Mexico has many modern buildings as well as primitive ones, but the women have few modern conveniences. They wash by spreading the garments on the rocks in the streams and pounding them, then they hang them on the bushes to dry.

Houses, she said, are adobe and have flat roofs, a few with thatched roofs. Among the things the tourists saw, Mrs. Wright said, were banana plantations and the bananas and coffee grow together, the banana plants shading the coffee plants. The climate is pleasing the year around. In many places the streets are of cobblestone. People, they found, didn't want to have their pictures taken but did want to sell their wares.

The touring party, Mrs. Wright said, stayed a short time in the home of Cortez, which is a very beautiful and spacious mansion. She said she found "Our Neighbor Country of Mexico" a very fascinating place.

The meeting was presided over by the president, Miss Ella Peithman, and Mrs. Ellen Luchs gave the invocation.

Special music for the evening was furnished by Judy Ann Gardner who sang, "Piper June" and "The Second Minute" accompanied by Miss Donna Nave.

Mrs. Earl Crawford was introduced as a guest.

The association presented Miss Betty Chancellor, a bride-to-be, with a gift.

The ABWA endorsed the plan to engrave hubcaps to help prevent stealing them.

An attendance contest recently closed and the losers entertained with winners at a party at the home of Miss Margaret Bohon.

A vocational talk was given by Mrs. Opal Self.

Table decorations were in keeping with the Valentine motif and were very effective.

AFTER LONG HAUL — Sir Edmund Hillary, right, and Jime Bates stand by their snow tractors upon arrival at the American Scientific Station at the South Pole. They traveled 1,300 miles with tractors over ice and snow from New Zealand's Scott Base in Antarctica.

Highleys Present Outstanding
Program At Music Club Supper

Members and guests of Helen G. Steele Music Club heard J. Anne and Ronald Highley in an outstanding program Wednesday evening, Feb. 5. The occasion was the annual club supper, with the husbands of members as guests.

Lovely Joanne Highley possesses a beautiful soprano voice and sang as her first number "Du bist die Ruh" by Schubert. This song displayed particularly well the fine control of this young artist.

The next group, too, "Solvejg's Song" by Grieg and "Vissi D'arte" by Puccini she sang with an interesting and dramatic interpretation.

Ronald Highley, baritone, sang a Schumann number and then a Scotch number, "Edward" by Loewe. This dramatic ballad was exceptionally well done. He then sang "Sevoul ballare" from "Marriage of Figaro" by Mozart. It was also enjoyed by the audience.

Probably the highlight of the evening the duet from "Pagliacci", "Nedda-Silvio", because together these two young artists were delightful, demonstrating real acting ability in addition to their singing.

As an encore they sang the duet from "Don Giovanni", "La Gi Dorem La Mano" by Mozart.

The meeting was presided over

by Mrs. E. F. Yancey, life president, who welcomed the guests. Mrs. Yancey also welcomed a new member, Miss Doris Stott, who was introduced to the club by Mrs. Everett White.

Mrs. Al Miles, program chairman, presented Mrs. William Hurlbut, who announced next week's program as a stop at Italy and Germany on the world tour.

Mrs. W. B. Rich, chairman for the day, then introduced Mr. and Mrs. Highley, the husband and wife team.

Receiving hostesses were: Miss Margaret Johnson, Mrs. Edwin Danforth, Mrs. Charles Farley, Mrs. Mae Moser, Mrs. T. R. Snow, Mrs. David Routsong, Mrs. Everett White, Mrs. Charles McDaniels, Mrs. James Greene, Mrs. Winston Ream and Miss Frances Trader.

W. C. Hardings
Observe 50th
Anniversary

Mr. and Mrs. W. C. Harding, 411 North Grand, observed their 50th wedding anniversary on Sunday, Feb. 2, with open house at their home.

Ten floral arrangements in gold shades and five potted plants, all the gifts of friends, decorated the home and in the dining room the beautiful three tier wedding cake iced in white with yellow roses was cut by Mrs. H. A. Hite, Green Ridge, sister of Mr. Harding, and Mrs. George Carney, Calhoun, and served by Mrs. Clay Houchen.

Mrs. Harding's twin sister and Mrs. Clyde Bullock. At one end of the table, which was centered with a beautiful arrangement of gold colored flowers above which was the figure 50 in gold, was their granddaughter, Miss Carroll Carney, serving the coffee and at the other end was their granddaughter-in-law, Mrs. LeRoy Carney, serving tea. On the attractive table were nuts, mints and napkins lettered in gold.

Mrs. Joe Newland presided over the guest book and Mrs. Virgil Skaggs had charge of the gifts.

The 104 guests who called during the afternoon between the hours of 1:30 and 5 o'clock were welcomed at the door by Mr. and Mrs. Harding's only daughter, Mrs. Raymond Carney of Lincoln.

wore a lavender two-piece wool dress with purple accessories.

The bride was a senior at Knob Noster High School and will complete the school term at Van Buren, Ark.

The bridegroom joined the Air Force in January, 1955, and has been stationed at Whiteman AFB since November, 1955.

They will make their home in Van Buren, Ark.

Out of town guests included: Mr. and Mrs. Delbert Bearce, Judy Rae, Terry Gae and Alyce Kaye, Blue Springs; Mr. and Mrs. Leland Barb, Linda and Duane, Raytown; Mr. and Mrs. Jerry Faubion, Excelsior Springs.

First Signs
Of Upturn
Are Claimed

By SAM DAWSON

NEW YORK (AP)—President Eisenhower may have set a style for a new type of moon-watching teams—spotting the first signs of an upturn in business.

He thinks they'll begin showing up before summer. But already some watchers think they've spotted a sign here and there, all but lost among the more numerous statistics pointing to a deepening recession. Some of the hopeful signs:

Retail sales in January set records in a number of cities, just as Christmas sales managed to in a last-minute spurt.

Enough companies are reporting record earnings and sales to lighten the soggy mass of profit statements by many others caught in the squeeze on profit margins.

A slight pickup in new orders in the last two or three weeks is reported by the heads of the two largest steel companies.

Like many other producers of primary materials they hope that the day of living off inventories is near or at its end. Metals companies stress that for some time the end use of their products has been running well ahead of new orders for industrial commodities—a condition which is self-correcting if continued at the present rate.

Construction in January pleased the Commerce and Labor departments by setting a record for the month, largely due to record spendings for a January by public utilities and office buildings.

Although the utilities find that the industrial slump has cut back power output, they still are going ahead with expansion plans. Their earnings statements show about the same gain as usual over the previous years. Only 9 out of 75 utilities reporting so far have lower net profits after taxes than in 1956. As a whole the 75's net income is 6 per cent higher.

Wall Street thinks it's sighted a different economic moon on the horizon — renewed inflation — and has bid up stocks accordingly. The belief is based on reports that Congress is in a mood to spend even more than the additional amount the President asks.

If Congress also should cut taxes, the result would be a fair-sized Treasury deficit. This would be inflationary because the government would be pumping into the economy more money in spending than it would be taking out in taxes.

And this, Wall Street figures, would give business an inflationary psychology, renewing expansion programs—and, alas, boosting prices.

But while some point to these signs of better days returning, the majority still cautions that there's no sure indication yet that the recession has hit bottom. Some add that it may bump along there for some time before starting up again.

They note that in the 1953-54 slump the economy bumped along on bottom for about six months before the new boom started.

Property Damage Up

Annual Report Shows Decrease
In Fire Alarms During Past Year

The annual report of Fire Chief John G. Lueck given the City Council at its regular meeting this week shows a decrease in the number of fire alarms answered and an increase in property damage of approximately \$32,500 for 1957 against the 1956 report.

For the second straight year Sedalia has gone without a death caused by fire.

The report shows 354 alarms answered against 395. Property loss for the past year reached a total of \$144,440.01 against \$111,958.09 in 1956. However, the total property loss was not covered by insurance.

According to the overall report: There was \$50,690.93 insurance paid on buildings as against \$45,366.32; \$73,804.61 paid on contents as against \$48,836.60 in 1956; with the totals being \$124,495.54 on all as against \$94,202.92 for the previous year.

Losses on buildings where no insurance was carried was \$13,335 as against \$11,735; and on uninsured contents it was \$1,695 as against \$2,135; for totals of building and contents of \$15,030 as against \$13,870.

Insurance paid on fire losses where fire companies did not answer an alarm was \$4,914.47 as against \$3,085.17.

Property owners dropped insurance on their property while others owning furniture and which are possible renters have increased the insurance on contents. The insurance carried on property or real estate last year was \$455,050 as against \$542,750 in 1956 and insurance carried on contents totals \$306,525 as against \$202,600 the previous year.

Pointed out in the report was that seven fires which originated from fire spreading from other burning buildings as against 11 in 1956. Total damage to adjoining buildings from smoke and fire totaled \$4,228.60 in 1957, as against \$800 in 1956.

The fires as listed below indicate the type and number of runs made by the departments:

Trash, grass, leaves, weeds, etc. 146; burning trash and grass set fire to buildings, 24; defective stoves, 5; overheated furnace flames and pipes, 19; flues burning out, 4; thawing water pipes, 1; short and defective wiring, 17; tar kettles, 1; sparks from flues, 1; overheated and stuck motors, 16;

Lightning struck, 4; roast in oven, 1; sprinkler system tripped, 6; cleaning with gasoline, 3; smoking in bed, 10; fire alarms tripped, 3; unknown, 20; gas stove set mattress afire, 1; stove polish on hot stove, 1.

False alarms, 2; paper on floor furnace, 8; fireplace set wall afire, 1; exhaust fan set window frame afire, 1; flare pots, 13; cigarette on awning, 3; wastebasket, 4; smoke scare, 2; washed gasoline from street, 3.

Water line leaking in basement, 1; children playing with matches, 2; oil mop under heater, 1; outside city limits, 2; oil stove flared up, 3; grease on gas range, 2; call for resuscitator, 2; burning sulphur, 1; stoker out of coal, 1; spontaneous combustion, 1.

Automobiles, trucks, motorcycles and tractors: oil on exhaust, 1; car hit tree, 1; fuel pump, 1; overheated exhaust, 1; emergency brake set, 3; backfired, 9; short in wiring, 6; cigarette on cushion, 4; antifreeze on motor, 1.

There are still some 37 municipal libraries in the state that have not taken advantage of this method of furnishing increased services to their users.

The Cooper county citizens and Boonville residents realized they had more organizational and operating machinery than was needed. The two library boards and two controlling bodies functioned separately in accomplishing the same purpose. There were overhead administrative duplications which appeared unjustified, and it became apparent that merger offered distinct advantages to the library users.

Following the merger, citizens of Boonville and Cooper county have found they have access to more books; their library has a higher income, and therefore is able to offer more services. And, although the joint library has more income than either of the previous separate libraries, taxes remain the same.

The advantages of a consolidated library, according to Price, are greater savings by larger book purchases, savings in cataloging and processing costs, and free use of greater facilities by all the citizens.

Some of the Missouri cities which have learned in recent years that it's cheaper to have a city-county library than two separate libraries for the city and county have been Tarkio, Bolivar, Parma, New Madrid, Kennett and Ash Grove.

Another method of giving better service to city and county areas, although not as effective, is a contract by which the city and county libraries agree to offer a combined service. Some cities which follow this method are Jefferson City and Cole County; Joplin and Barton county; Mexico and Audrain county; Perryville and Perry county; Kahoka and Clark county and Doniphan and Ripley county.

There are still some 37 municipal libraries in the state that have not taken advantage of this method of furnishing increased services to their users.

The Cooper county citizens and Boonville residents realized they had more organizational and operating machinery than was needed. The two library boards and two controlling bodies functioned separately in accomplishing the same purpose. There were overhead administrative duplications which appeared unjustified, and it became apparent that merger offered distinct advantages to the library users.

Following the merger, citizens of Boonville and Cooper county have found they have access to more books; their library has a higher income, and therefore is able to offer more services. And, although the joint library has more income than either of the previous separate libraries, taxes remain the same.

Religious Topics On Hand For Coming Lent Season

With the approach of Lenten season the Regional Library calls attention to books in the field of religion available for use. Throughout the United States Catholic and Protestant clergymen are urging their congregations to spend some time in serious reading on religious topics in the weeks ahead.

To aid this effort the Religious Publishers Group annually publish lists of recommended books. This year the Protestant Lenten reading list has been compiled by Dean James A. Pike whose own book, "The Next Day," makes admirable Lenten fare. The Catholic Lenten reading list has been selected by Jim Bishop, author of "The Day Christ Died."

Although the Regional Library does not have all the selections on this year's list, there are numerous other volumes from which the patron may make selections. These vary from the more scholarly material to the popular works of Fiodick, Peale or Sheen. Selections from such organizations as the Religious Book Club provide inspirational material. One highly

recommended selection is Professor John Casteel's "Rediscovering Prayer," a frank, honest and helpful discussion on prayer that does away with the superficial and conventional comments found in many other such works.

For Catholic readers the books by Thomas Merton, such as "The Seven Storey Mountain" and "The Silent Life" or Alden Hatch's biography of Pope Pius XII, "Crown of Glory," should be popular. For short, informational and inspirational excerpts the book "A Treasury of Catholic Thinking" presents the philosophy and theology of 130 famous Catholics from St. Augustine to the present Pope. Christ Died."

This week's bookmobile schedule:

Tuesday, Feb. 11, 1958. Unit 1: LaMonte School, Stokeley. Unit 2: LaMonte School, LaMonte downtown.

Wednesday, Feb. 12, 1958. Unit 1: Pilot Grove School, Pilot Grove downtown. Unit 2: Pilot Grove School, St. Joseph's.

Thursday, Feb. 13, 1958. Unit 1: Hopedale, Elm Branch, Maple Grove, Manila, Southside, Steljas.

Friday, Feb. 14, 1958. Unit 1: Paul Birdsong, Quisenberry, Mrs. A. J. Pulley, G. M. Ferguson.

Monday, Feb. 17, 1958. Unit 1: Houstonia School, Route 1. Unit 2: Houstonia Schools, Houstonia downtown, Range Line.

New Chemical Works Fine On Johnson Grass

Parke Green, who has a farm in the Flat Creek bottom just below the Sedalia water works, has been fighting Johnson grass for 30 years. Parke believes it started when the contractor that laid the pipeline from the lake to the waterworks shipped in some baled Johnson grass from Texas to feed his horses.

Parke has been using a field cultivator in the fall and winter and practicing heavy grazing in the summer for years. He feels that exposing the roots to hard freezing weather and never allowing it to go to seed has prevented a solid stand of Johnson grass on every acre of his crop land. He has never lost any cattle from the grazing.

Last year Parke tried Dalapon, which is a new chemical, on scattered stands of Johnson grass in his corn fields and fence rows. In the cornfield he sprayed twice. The first spraying was done before discing the plowed ground. The second application was made in the corn between cultivations. He also sprayed twice in the fence rows. He had a good kill on some that was two feet tall. Parke feels that this is the only control for Johnson grass in fence rows. He had some to come up in his new seeding of red clover this fall which he sprayed and killed. It had been years since he had seen any Johnson grass growing in this field. This came from seed which had laid dormant in the soil for years. Parke is of the opinion that land to be in row crops continually will have Johnson grass thicker each year unless sprayed with the new chemical.

Parke reported on his Johnson grass control at the Soils and Crops Conference Saturday.

Women's Federation Has All Day Meeting

The Church Women's Federation of Buncheon met Thursday in the church basement with a covered dish luncheon at noon. The women of the Federated Church were the hosts. Decorations were in keeping with the Valentine theme.

Supt. Gentry Lowe and Coach Richard Maloney were dinner guests. Mrs. Roy Blank gave the devotional. Her subject was "The New Start." Mrs. F. E. Filler Sr. was in charge of the business session. Mrs. C. T. Nelson, Mrs. Geo. Harned, Mrs. William Floyd, Mrs. Robert Brandes and Mrs. D. T. Layne were appointed to the nominating committee. New officers will be elected at the net meeting. Mrs. Porter Harned, Mrs. Earl Scott, Mrs. George Dicus, Mrs. Herbert Warmbrod and Mrs. Carl Moore were appointed to the program committee. Mrs. Leonard Gerhardt, Miss Sue Shirley, Mrs. M. A. Salser, Mrs. Elmer Nelson, Mrs. Allan Layne and Mrs. Porter Wilson were appointed to the committee to organize a Bible school.

Houstonia 4-H Plans To Have Chili Supper

The Houstonia Civic Council met at the high school Tuesday night with ten present.

Plans were made for the home talent program which will be Feb. 25 at the high school. The 4-H will have a chili supper the same night. A nominating committee consisting of Mrs. Walter May, Mrs. Amos Rhinehart and Claude Bratton were elected to nominate the officers for the coming year. The litter problem was discussed and how to get people to quit throwing trash in roadside ditches.

At Training Station

Delbert R. Martensen, aviation machinist's mate third class, USN, son of Mr. and Mrs. H. T. Martensen, 2211 East Broadway, is serving at the Naval Air Station, Hutchinson, Kan.

This naval air station trains naval cadets and student officers in the flying of multi-engine land-based patrol bombers.

Women's Clubs Select Hymn Of The Month

Selected by the National Federation of Women's Clubs and submitted as the "Hymn of the Month" by the Helen G. Steele Music Club is "Breathe on Me, Breath of God," the text by Edwin Hatch and the tune composed by Robert Jackson.

Edwin Hatch (1835-1889) was an Anglican clergyman and professor of the classics in English and Canadian universities. He was a man of deep piety, of virile faith, and of broad sympathies.

Through this quiet prayer of the heart one can almost feel the tenderness of the experience of the risen Lord and heard his words, "Peace Be Unto You." A definite, direct prayer, this hymn should always be sung thoughtfully and quietly as a real prayer in sincere devotion and aspiration.

The hymn tune, Trentham, was composed by Robert Jackson (1842-1914) of Oldham, England. He served the St. Peter's Church of Oldham following his father as organist and choir director.

Mrs. T. E. Gasperson is hymn of the month chairman for Helen G. Steele Music Club.

4 New Members Join Striped College Club

The Striped College Homemakers Extension Club met all day Wednesday, Jan. 29, at the home of Mrs. Parke Green, Route 2. Mrs. Ted Dabner and Mrs. Charles Rages Jr. were assistant hostesses.

Mrs. John Linville presided over the meeting and Mrs. E. C. Stevens gave the devotional. Roll call was answered with "What to do in an emergency" by 13 members and three guests. Mrs. Richard Kasak, Mrs. Mark Bergmann and Mrs. Alvin Beale.

Mrs. Velton Dabner, Mrs. Kasak, Mrs. Bergmann and Mrs. Beale were given the admission ceremony by Mrs. Glenn Cox, Mrs. John Linville, Mrs. George Dabner, Mrs. Wilbur Garrett and Mrs. Ellis Garrett.

Mrs. Glenn Cox read "Safety in Your Own Back Yard." Mrs. Ted Dabner and Mrs. Lester Patrick gave reports on the 4-H club work that is being planned.

Mrs. Parke Green and Mrs. Charles Rages Jr. gave demonstrations on refinishing picture frames and points on selecting various tones, colors and etc.

Mrs. Cox, health chairman, reported on the need of cancer dressings. A meeting will be held Feb. 12 at the home of Mrs. George Dabner for the purpose of making cancer dressings.

Wilburn Guyman Home From Tulsa

By Mrs. Mary Fairfax CLIFTON CITY—Wilburn Guyman has returned from Tulsa, Okla., where he was employed for some time.

Mr. and Mrs. Al Neyhart and children, Hickman Mills, recently visited Mr. and Mrs. Jobe Potter. Mrs. Bessie Maloney spent Sunday with her son, William Needy and family, Speed.

Mrs. Ruth Potter is visiting her daughter, Mrs. Sirel Todd and family, Hughesville.

Mr. and Mrs. Hubert Aggeler and children visited his father, Henry Aggeler, Tuesday evening, at St. Joseph's Hospital, Boonville. They also visited Mrs. William Kemper.

Mr. and Mrs. Charles McGraugh and family, Sedalia, were Sunday supper guests of Mr. and Mrs. Harry Hazelett.

Mrs. Daisy Higdon spent several days last week with Mrs. B. W. Hurt and other relatives in Sedalia.

Mr. and Mrs. George Schultz and daughter, Independence, are spending a few days with her parents, Mr. and Mrs. William Todd.

GIFT TO HOSPITAL—One of the two alternative pressure pads used for cardiac patients and other patients who are bedfast for aid in circulation presented to Bothwell Memorial Hospital by the Pettis County Heart Association is shown being presented by Dick Snow, center left, immediate past president of the Pettis County Heart Association, to Charles Edwards, superintendent of Bothwell Memorial Hospital, right center. At the extreme left is Dr. A. L. Walter, chief of staff at Bothwell Hospital, and at the extreme right, Fred Lange, president of the hospital board. A third alternative pressure pad was also presented to the Sedalia Loan Closet.

Mrs. Howard Gwinn

Parent-Teacher Council Honors District President At Luncheon

In observance of Founders Day the Sedalia Parent-Teacher Council held a luncheon meeting and program on Wednesday, Feb. 5, at which time a special tribute was paid to Mrs. Howard Gwinn, 667 East Tenth, who is district president of the Sedalia District.

The meeting, which was held at the First Baptist Church, was presided over by Mrs. Sam Knapp, Council president, and invocation was given by the Rev. J. R. Wallace, pastor of the First Baptist Church. Mrs. Tom Gray, Mark Twain School, gave an inspiring devotional on helping by giving of one's skill. She ended the devotional with prayer.

Group singing was led by Mrs. Gene Owen with Mrs. Jack Herndon at the piano.

Mrs. Worth Wilson then pinned a yellow carnation corsage to which was attached a yellow key on each of the past Council presidents at the meeting as their names were called by Mrs. Oliver Thomas, secretary. They were Mrs. W. C. Housel, who served from 1929 to 1931; Mrs. William L. Reed, who served from 1937-1939; Mrs. John League who served from 1943 to 1950; Mrs. Nathalia Poynter, 1953-54; Mrs. Lawrence Dailey, who now lives in Springfield, 1954-55 and Mrs. Howard Gwinn, 1955-56. The names and their years of service of all former presidents, some of whom could not come and several of whom have died, were read.

Mrs. Oliver Thomas was in charge of the afternoon program. On Founders Day, said Mrs. Thomas, we pay tribute to the two women, Alice McLellan Birney and Phoebe Apperson Hearst, who 61 years ago feeling the need of such an organization as the PTA and carrying through on the idea which was conceived by Mrs. Birney, organized the National Congress of Mothers which later became PTA.

It has been the women who have kept this organization alive through the years, too, said Mrs. Thomas, who deserve recognition. She pointed out that there was one woman who started in PTA in 1946 and through the years since that time has contributed so much to child welfare in the community. She then called Mrs. Gwinn to the platform and said: "Margaret, this is your PTA life."

Seated on the platform, Mrs. Gwinn was given a gold container and one by one those who had worked with her in PTA work came to the platform, telling little things they remembered that had happened as they worked with her, each bringing a flower which they placed in the container. Seated with her on the platform was her husband, Howard J. Gwinn, and among those who brought flowers were her teenage son and daughter, Jimmy and Delores. Her four-year-old daughter, Ruth Ann, had stage fright and refused to take up her flower.

From the very first, when she joined PTA after Jimmy started to school at Washington School, she was put to work as leader of the parent education class, the next year she was on the nominating committee and put on a skit. From that time on she seemed to do anything they called on her to do, held offices in the Washington PTA until she was finally president, she started the luncheon at the school, served on all sorts of committees, went into PTA Council work, and finally was appointed district president of the Sedalia District in October, 1955.

Such things were recalled as when the PTA needed the school district map while Miss Bessie Perkins, principal of Washington School was in the hospital. Mrs. Gwinn hunted all over the school for it, and finally she had to draw one. When Miss Perkins came back to school she walked right over to the closet and there it was. And then there was the time when the district meeting was held in Sedalia and there was almost a cloudburst. The Sedalia

ians got there first and parked their cars right, the people from out of town came later and Mrs. Gwinn learned to her horror, nearly all of them got parking tickets. There have been times when she filled in at some school PTA meeting when the person who was to have given the devotional didn't show up, and even once when the speaker didn't show up she gave the address. She has rushed from installing officers at one school to install officers at another school one evening and no matter which school needed her she was always right there.

As district president she has been on the go constantly, because the Sedalia district comprises six counties — Benton, Cooper, Moniteau, Morgan, Pettis and Saline. Sometimes she has made meetings at two and three places in one day and she never let the snow or anything interfere. Once she lost her notebook with her installation ceremony in it when she went to Versailles and the woman with her was so worried but decided her worry was all for nothing — Margaret didn't need her little notebook. She went right through the installation beautifully with no effort at all.

One by one they came on, Howard and her husband, Jimmy, Delores and Ruth Ann, her children, Mrs. Charles Hurtt, Mrs. Walter Schmide, Mrs. Myron Lindquist, Mrs. Nathalia Poynter, Mrs. Price Alexander, Mrs. Earl Gregory, Mrs. Ralph Rohrback, Mrs. Wil-

liam Morgan, Mrs. W. J. Ramsey, Mrs. George Espelin, Mrs. Wilham Garrett, Mrs. Donald Trueman, Mrs. A. L. Jones, P. A. Sillers, Mrs. George Chamberlin, Mrs. Sam Knapp, Mrs. Ralph Salmon, Miss Bessie Perkins, Mrs. Haskell Cook and Carolyn Thomas, all co-workers with her in some phase of her PTA life, each putting a flower in the container to make a beautiful bouquet. She was also presented the book, "This Is Your PTA Life" by Mrs. Oliver and a gift by Mrs. Knapp. Closing the program, Mrs. T. E. Owen sang: "May the Good Lord Bless and Keep You," with Mrs. Lloyd Abney at the piano.

A telegram was received during the afternoon from Miss Jane Younger, Boonslick Regional Librarian, who was unable to be here.

Special guests at the luncheon were: Jack Delph, principal of Mark Twain School; George Thompson, principal of Horace Mann; John Thomas, principal of Whittier; P. A. Sillers, grade school supervisor; Miss Edyth Couey, principal of Broadway; Miss Bessie Perkins, principal of Washington; John Vogel, principal of Jefferson; C. H. Gooch, principal of Hubbard; and the Rev. and Mrs. J. R. Wallace.

Fluted blue crepe paper was down the center of the tables with gold keys placed at intervals. An arrangement of gold and blue flowers centered the head table where Mrs. Gwinn was seated.

4-H Round-Up

with

OWEN FOX

Pettis County Assoc. Agent

Club Or Community 4-H Achievement Days

Nearly everyone is interested in new and improved ways of doing things. Sometimes a new way to do a job, although it may not be better than the old, will add interest and because of this will produce better end results.

More and more, Pettis County 4-H Clubs are using club achievement days to add local interest and get more participation in their club programs. Although 4-H Club Achievement Days have been used for years by some clubs, many of the newer clubs haven't used them. Some clubs have similar events but call them parent nights.

How do 4-H Club Achievement Days help a 4-H Club? There are many ways to answer this question but here are some of the most important. First, 4-H club work is for boys and girls. They must be interested and club achievement days do give them additional interest. Opportunity is provided for club members to do those things they can best do and to receive individual recognition for their achievements.

Parents are proud of the achievements of their children, therefore, they become more interested in the club program and give it added support. Support is strengthened when the community as a whole becomes involved and takes more interest in club work. Community involvement in organizing and planning the 4-H club program is always desirable.

Club achievement days also give the community an opportunity to recognize the work of 4-H leaders and to show appreciation for what club work is contributing to community life.

Club achievement days may be held at two different times during the year. Some clubs have their achievement day during the summer before the county achievement day. The event then is usually a dress rehearsal of the club entries in county achievement day. It serves as a practice

performance of all the events and shows the community what is being accomplished in 4-H work.

Some clubs hold the event at the close of their club year and use it as a "picture window" for their accomplishments. Both individual and group achievements are stressed. Usually some special planning is done to get public announcements and special invitations out so that the general public will attend. These events held in the fall stress recognition even more than those held in the summer.

Program content is similar for both the summer and fall club achievement days. Project exhibits, demonstrations, dress revue, grooming, and Junior leader speeches, are common to both. Individual and club awards including a display of ribbons won is usually a part of the fall program.

Most clubs plan their club Achievement Day as one of the regular club meetings and hold it at night. There are some, however, that make it a day event in their community. The club's program planning committee usually plans the event and uses many special committees to make it successful. Special committees may include those on arrangements and facilities, publicity, invitations, exhibits and refreshments.

Does your club need added interest and renewed life? Does it have the desirable community understanding and support? Does it tell the community of all the advantages of having a 4-H Club? Many 4-H clubs have proved that a Club Achievement Day can help do these things.

D. Luckett Receives Degree at Texas U.

Dudley G. Luckett, son of Mr. and Mrs. L. J. Luckett, 512 South Carr, received a doctoral degree in philosophy from the University of Texas Graduate School at the close of the first 1957-1958 semester.

ARC Reports \$219.54 Fee In Enrollment

Mrs. Eula Spencer, executive secretary, for the Pettis County Chapter of Red Cross reports that a total of \$219.54 in membership fees was collected by teachers sponsors in the annual Junior Red Cross enrollment. Enrollment is held each year in the month of November, and affords boys and girls of school age a chance to become a part of the community's Red Cross activities in a volunteer capacity.

Junior Red Cross members participate in local, national and international services, and learn by actually doing. The program is designed to promote better human relations, and to provide a way for students to serve their schools, the community, the armed services and other youth in this and other countries.

Mrs. Spencer's report shows that \$54.14 was allotted to the American Red Cross Children's Fund, and that 163 gift boxes were prepared for sending the children overseas.

Smith-Cotton High School, Sedalia, led the other county schools in both the number of enrollments and in the number of boxes prepared. Other Sedalia schools participating in the Junior Red Cross program for 1957 are: Broadway, Horace Mann, Mark Twain, Washington, Whittier, Jefferson, Hubbard, Sacred Heart High School, Sacred Heart Grade and St. Patrick's.

Other Pettis County schools participating are: Postal, Striped College, High Point, Georgetown, Camp Branch, Bothwell, Longwood, Cartright, R-1 Reorganized, Elm Branch, Maple Grove, Hope Dale, Oak Grove, Houstonia High, Houstonia Grade, Smithton High, Smithton Grade.

Celebration Of Two Wedding Anniversaries

By Mrs. Russell Kendrick

KNOB NOSTER — Neighbors went to the home of Mrs. Eula Patton and Mrs. O. E. O'Brien Monday afternoon to celebrate the birthday of Mrs. O'Brien. A social afternoon was spent after which refreshments were served. Guests were: Mrs. W. J. Carr, Mrs. Frank Jenks, Mrs. Cassie Underwood, Mrs. C. L. Saults, Mrs. Floyd Martin, Mrs. W. D. Curry and Mrs. Russell Kendrick.

Mrs. Milton Kendrick entertained her bridge club Wednesday afternoon. Mrs. Don Helms and Mrs. N. L. Kirk played substitute hands. Mrs. Wells H. Thompson received high score. Mrs. Russell Kendrick, second high and Mrs. C. L. Henderson the travel award.

Mr. and Mrs. Roy Thomas and Wayland, who have been living in Merkel, Tex., since October, have returned to Knob Noster and for the present are living with her parents, Mr. and Mrs. A. R. Howerston.

Mr. and Mrs. Howard Leighton-Floyd, spent the weekend with Mr. and Mrs. Don Hitt and Michael. The Saults Shop has moved from the Baker building to the Covey building, recently vacated by the Cozy Shop. Ray Baker will move his cleaning shop to his building, vacated by the Saults Shop.

Theodore Baldwin, Odessa, son of Mrs. Lema Baldwin, Knob Noster.

Negro Council Holds Meeting Thursday

The Negro Community Council held its regular monthly meeting Thursday night at the home of Marvin Jefferson, 602 West Cooper, with Carl Abbott, president, presiding.

After routine committee reports were read, the Council discussed street improvements and additional street lights.

Mrs. Marvin Jefferson and Mrs. Harry Browder served refreshments.

Valentine Party at School

All week the box of red and white,

With all its hearts and lace,

Has been a mystery and delight

There in its honored place.

For in the slot there in the top

The youngsters have pushed through

The Valentines, as each would drop,

You can't help wonder who,

And then—at last—here comes the day—

The box is very full—

"It's time" you hear the teacher say,

As out of it she'll pull

The first one with its hearts and frills,

A lovely Valentine,

And I can feel those little thrills

Just hoping it is mine—

Then one by one we hear her call

The names of girls and boys,

And until she has called them all

There isn't any noise —

My Valentines are stacked up high,

I'm proud as I can be —

And somehow I just wonder why

So many sent to me —

At one I blush a little bit,

It's prettier than the rest,

I'm extra special proud of it

Because I like him best,

I look around the room and see

That no one has been missed,

They've one at least—it is from me,

'Cause all were on my list,

We'll have refreshments now, I think,

And I can hardly wait,

The heart-shaped cookies iced in pink,

Upon a paper plate;

There's ice cream in a little cup,

And candy hearts with rhymes,

There's chocolate milk that we drink up

We have the grandest times,

The Valentines that I receive

I love them every one,

On Valentine's Day I believe

Just all the kids have fun.

Hazel N. Lang.

In 4-State Experiment

Rush by Farmers for Sign-up Of Land Tops Expectations

OMAHA (AP)—The rush of farmers to turn their crop lands over to the government in a four-state soil bank experiment has exceeded expectations by a considerable degree.

In Nebraska the near-final totals showed one farmer in seven was ready to quit crop farming—for a price. The farms composed some 2½ million acres or 11.2 percent of the state's 21½ million acres of crop lands. Bids were put in on 15,737 of the state's 120,000 farming units.

In Tennessee and Illinois about 7 percent of the farmers put a price on temporary retirement from crop farming.

In Maine, where the deadline for entering sealed bids is Feb. 23, some 311 of the state's 23,368 farms were represented by bids by Feb. 4. But Lawrence Chatto of the University of Maine Department of Agriculture said there had been "a tremendous interest thus far," and he expected heavy bidding in the last 15 days of the period.

Tennessee had 15,363 full-farm bids, compared with a total of 203,000 farms and an anticipation of 10,000 to 12,000 bids.

In Illinois, which has about 240,000 farms, about 19,500 bids were received—nearly double the number expected. Officials estimated the bids applied to farms averaging 125 acres each, but had not established a total of cropland involved.

Dr. Everett E. Peterson, extension specialist in agricultural economics at the University of Nebraska, said the wave of full-farm bids might be attributed to discouragement over poor crops in years of drought and a wet harvest season capping the past abundant crop year, plus concern over the talk about lowering or abandoning price supports. Farmers nearing retirement age and seeking to slow down also were a factor, he added.

New Hybrid Corn Yield Is Better Overall Average

Bill Stephens, a member of the Longwood Neighbors 4-H Club, reported on his Missouri 880 hybrid corn plot at the Soils and Crops Conference Saturday.

Missouri 880 is a new hybrid corn developed at the College of Agriculture, University of Missouri and was grown as test plots in several different sections of the state.

According to Stephens, the Missouri 880 hybrid yielded 39.6 bushels per acre. Another popular hybrid, Kansas 1639, already available to farmers in the state, was grown along side. It yielded 33.7 bushels per acre.

Stephens said that soil treatments were the same for the whole field as follows: 3½ tons of limestone, 1350 pounds of 12-12-12 fertilizer.

The Missouri 880 lodged a little more than the Kansas 1639 mainly due to corn borers.

Although for Stephens, the Missouri 880 yielded a little less than Kansas 1639, the extension field crops department reports that when grown on varied conditions over the state, Missouri 880 yielded above the hybrids with which it was compared in 33 of the 49 trials. The average yield for Missouri 880 for all 49 comparisons is no doubt that Missouri 880 is a very good variety, that in a majority of instances may be expected to give superior performance, but, as with all other varieties, there will be some variation in how it performs

Bus Line Owner Departs

Glenn Watson Fails To Appear; Buses, Other Equipment Are Found Missing

KANSAS CITY (AP)—Buses of the Inter City Bus Lines had a long wait for service in 13-degree weather Thursday.

And, if they were late for work, it was because the company's buses weren't operating on their usual runs between Kansas City and suburban points in Johnson County, Kan.

Drivers reported they showed up for work this morning to find the buses gone and office equipment missing.

"There were no desks and no filing cabinets," said Jim Plimmer of Kansas City, one of the drivers. "Even the safe was missing."

"We had no warning, no notice."

Glenn Watson, who has operated the line several years, could not be reached for comment. Watson also operates bus lines at Jefferson City and Columbia, Mo. He formerly operated the Sedalia, Mo., city line.

Sedalia experienced the same treatment by Glenn Watson on June 25, 1953, when he moved out during the wee hours of the morning, between 12:30 and 5:30 a.m. Watson had bought the buses from Olin and Marvin Howard and had operated them from November, 1952, until he left Sedalia. At that time, Watson moved some equipment which was later recovered by the Howard brothers who brought it back and put it into operation for a time.

Harry Goldberg was manager of the bus company in Sedalia at that time, and the move was made by Watson and a crew from Columbia without the knowledge of Goldberg or the drivers who were working. Local employees experienced similar treatment in Sedalia that those in Johnson County, Kan. experienced.

Several suits were filed for salaries by the Teamsters Union and drivers of the local company shortly after Watson disappeared.

It was reported at the time Watson departed Sedalia, he took with him five buses and one Ford Yellow Cab.

But the Howard Brothers resumed the bus lines temporarily after buses which had been left were put in running order by mechanics.

An employee of the Columbia office said he was not expected there today.

Plimmer said Inter City has six drivers and two mechanics. It operated six buses on its route from Kansas City to Mission, Overland Park and Shawnee, Kan.

"Most of us have three week's pay coming," Plimmer added. "Some are four weeks behind. I know they couldn't meet expenses."

He said the management issued checks, paid small cash payments from time to time until the check amounts were paid out and then took back the checks.

"We'd get a little bit of cash every day unless they had to pay a fuel bill or something like that," he said.

He said no checks were issued Feb. 5, the last scheduled pay day.

The line began hourly service in 1950, being granted permanent authority to operate by the Kansas Corporation Commission.

Cold Day, Busy Line, Not Enough Keys Hold Up Magistrate Court

CARTHAGE, Mo., Feb. 13.—A frozen carburetor, a multi-party telephone line and the lack of a key today combined to force magistrate court to open 20 minutes late.

When Mrs. M. Kay Allard, the court clerk, got ready to come to work her car wouldn't start because of a frozen carburetor. She then tried to call a cab, but her eight-party telephone line was busy.

So for the next hour she alternated between the car, where she worked with the frozen butterfly valve on the carburetor, and the telephone.

The carburetor trouble was cleared before the telephone line and Mrs. Allard drove to the courthouse grimy hands and all. Since she had the only key to the court room, she found when she got there the magistrate, a prosecuting attorney, seven members of the sheriff's force, the chief of police and an assortment of defendants and witnesses waiting to get in.

THE WEEKLY DEMOCRAT

110 West Fourth Street
Published Every Friday

Entered at the post office at Sedalia, Mo., as second class matter under the act of Congress of March 3, 1879.

This newspaper is a dear publication, dedicated to the interests and welfare of the people of Sedalia and Central Missouri.

Late Rally Puts Grain Prices Back On Par

CHICAGO, Feb. 13.—(AP)—A sudden, sharp rally in grain futures on the Board of Trade today caught some dealers by surprise while they were still lamenting Wednesday's bearish behavior.

The run-up put back all or more than Wednesday's losses in all except the soybean contracts. At the close, the soybeans were only fractions of a cent short of complete recovery.

The government report of Tuesday which showed large amounts of grain and soybeans on farms and other commercial positions had sent the market reeling Wednesday and no one was predicting a change except perhaps, that further declines would be slower, with small pickups from time to time.

But one large commission house liked the looks of the price list after the selloff and hit the wheat pit with heavy buying. Then word went around that a bloc of farm state senators would move to press for prompt action on a bill to freeze farm price supports at their 1957 level for the 1958 crops.

Within a few minutes, prices had been bid up as much as 2 cent a bushel and held steadily around those levels.

At the close, prices were near the day's peak with wheat up 1 cent a bushel to 2 1/2 cents, corn 1 1/2 cents, oats 1/2 cent, soybeans 1/2 to 1 1/4 cent and soybeans 1/4 to 2 cent up.

Sedalia Lions

(Continued From Page One)

represented at the meeting: Alma, Alpha of Kansas City, Brookfield, Brunswick, Carrollton, Columbia, Concordia, Fayette, Fulton, Garden City, Independence, Jefferson City, Kennett, Lexington, Linn, Marshall, Maryville, Monett, North Kansas City, Orrick, Pilot Grove, Queen City of Springfield, St. Charles, St. Joseph, Savannah, Senath, Slater, St. Over, Sweet Springs, Tipton, Warrensburg, Windsor, Wellington, Richmond, Lincoln, Warsaw, California and Sedalia.

Introduction of the visitors was by Dr. Goddard, who is Missouri's candidate for International board of directors at the Chicago convention to be held in July.

Mayor Julian H. Bagby gave a short talk of welcome to the visiting Lions and their ladies. In his talk Mayor Bagby praised the Sedalia Lions Club for its activities for civic betterment and pointed out the local organization was one which always took a leading part in any activity which would benefit the City of Sedalia.

D. Kelly Scruton read a telegram from Gov. James T. Blair, Jr., expressing his regret that he was unable to come to Sedalia for the meeting and extending his welcome to Mr. and Mrs. Simms to Missouri and Sedalia.

A telegram from Mr. and Mrs. J. Harold Seaberg, of Kansas, former Sedalia, and one from Attorney General John Dalton of Missouri were read by Ellison, expressing their regret at being unable to attend and congratulating Sedalia on its anniversary. Seaberg is a former president of the Sedalia Club, and Dalton is one of the early District Governors of Missouri Lions.

Jack Herring, Fayette, District Governor of District 26-C, introduced the speaker.

Simms pointed out the Lions clubs are not social groups or luncheon groups, but are groups composed of men dedicating themselves to service to their communities. He also told of the work of the Lions organization throughout 85 foreign countries where Lions Clubs have been formed.

He expressed one of their big projects is the promotion of peace throughout the world.

President A. B. Warren on behalf of the local club presented to Mr. and Mrs. Dudley an automatic coffee maker in appreciation of their visit to Sedalia.

Warren also paid tribute to E. B. Smith, who was general chairman for arranging the meeting.

Simms was accompanied to Sedalia by Mrs. Simms. Their home is in Charleston, West Virginia. He will be elevated to the presidency of Lions International at the Chicago convention.

Simms also paid tribute to E. B. Smith, who was general chairman for arranging the meeting.

sedan driven south on Lamine by Frank C. Fay, Tarkio, Mo.

The right side of the truck was damaged and the front end of the Ford car damaged.

Police found a door to the Zephyr Broom Co., Second and Montevue, open at 11 p.m. The manager was notified.

A report was given the police of the loss of Mike O'Connor's license plate 336-244 sometime Wednesday between LaMonte and Sedalia.

Police were called to 415 South Wagner at 9:56 p.m. Wednesday where a prowler was reported. The "prowler" was believed by the police to have been a dog overturning a garbage can.

O. H. Carver, 707 South Kentucky, charged with driving a motor vehicle while under the influence of intoxicating beverage, pleaded guilty and was fined \$100.

E. Hoover, St. Joseph, charged with parking a truck in the residential district, 1200 block East Fifth, forfeited a \$2 cash bond.

Three overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each.

A-3c Chester Leon Golden, 24 Whiteman Air Force Base, charged with driving a motor vehicle while under the influence of intoxicating beverage, pleaded guilty to Judge Willard Morris and was fined \$75. He was given a drunkometer test.

W. C. Wingate, 48, Route 1, Sedalia, charged with driving a motor vehicle while under the influence of intoxicating beverage, failed to appear in police court Thursday morning and his cash bond of \$100 was ordered forfeited by Judge Willard Morris. He was given a drunkometer test.

Frank S. Coffman, 1411 South Ohio, pleaded guilty to a charge of careless and imprudent driving by passing on a hill and was fined \$25 and costs.

Victor T. Shaw, Gravois Mills, pleaded guilty to a charge of speeding and was fined \$25 and costs.

Robert J. McLaughlin, Caldwell, Kans., pleaded guilty to a charge of careless and imprudent driving by passing on a hill and was fined \$25 and costs.

Thomas Phelps, Prairie Village, Kans., pleaded guilty to a charge of speeding and was fined \$25 and costs.

Virgil Lee Aguirre was sentenced to three years imprisonment with the Missouri State Department of Corrections after having pleaded guilty to a charge of passing a bad check. Circuit Court Judge Dimmit Hoffman gave the sentence Wednesday after hearing the plea and the state's case presented by Prosecuting Attorney Harold Barrick.

Aguirre passed the check, the court found, "with intent to injure and defraud" at Priddy's Shoe Store in Sedalia, for \$10.15, on Nov. 29, 1957. It was drawn on the Union Savings Bank and was signed "V. Berry," an alias. Aguirre also admitted using the name "Buck Berry" as an alias. After being informed of his legal rights by Judge Hoffman, he declined to be represented by legal counsel.

Phillip Robert Riter pleaded guilty to a charge of bigamy in circuit court Wednesday and was sentenced to two years imprisonment with the Missouri State Department of Corrections. The court found that Riter married Lova Eva Green, Jan. 12, 1957, having at that time a lawful wife, Dorothea Mae Riter.

Riter was informed of his legal rights by Judge Hoffman but declined to be represented by legal counsel. Prosecuting Attorney Harold Barrick presented the state's case. Riter is a native of Ohio, and was stationed at Whiteman AFB when apprehended by authorities.

Lavina Ann Story filed a petition for divorce against Kay Junior Story in circuit court Thursday. Harold Barrick is the attorney for the plaintiff.

Rufus Albert Thomas, Sedalia, forfeited a \$150 bond in magistrate court Tuesday at Warrensburg after failing to appear to face a charge of traffic law violation.

Thomas was charged with passing on a hill on Highway 50 on Feb. 8.

Others charged with passing on a hill were Wilbur Henry Lietzow of Sedalia, fined \$15 after pleading not guilty to the offense on Highway 50 on Jan. 27 and being found guilty by the court; Larry Joe Rietter of Trailer City, who was fined \$15 after pleading not guilty to the offense on Highway 50 on Feb. 8, and Robert Eugene Brownlee of Ft. Leonard Wood, who forfeited \$37 bond after failing to appear on a charge of committing the offense on Highway 50 on Feb. 9.

Navy Divers Look For Savannah Weapon Part

SAVANNAH, Ga. (AP)—Navy divers are searching off the Georgia coast for part of a nuclear weapon that was dropped into the Atlantic from a B-47.

"There is no danger of explosion or radioactivity," the Air Force said.

A statement released by Hunter Air Force Base at Savannah said the bomber jettisoned part of the weapon after a collision with an F-86 Sabre Jet Feb. 5.

The weapon was not capable of a nuclear explosion, the statement said.

The pilot of the Sabre Jet parachuted to safety. The bomber was landed by its three-man crew at Hunter AFB.
